6. But further distinction: 2 kinds of holistic entities -
• a city, state, school etc., or above
• the collectivity of all collectivities, i.e., ijas

Both have sepr. juridical personalities - but ijas has a set of specific extra historical attributes & spcl properties that put it - holing - into a diff't category.

8- This distinction goes back in time to Rav's ב' ב' ב'
on in his book - in his ב' ב'

for example ... here is a famous ב' ב' fable: ב' ב'
there was a king who had a ב' ב' son who ב' ב'
wanted to marry him. ב' ב' the king said: ב' ב'
"I will give you my ב' ב' daughter if you can ב' ב'
find a wife for her." ב' ב'

So the son went ב' ב' and found a ב' ב' woman ב' ב'
who was very poor, ב' ב' but she was ב' ב' very ב' ב'
beautiful. ב' ב' the son asked her: ב' ב'
"Will you marry me?" ב' ב' she said: ב' ב'
"Yes, I will." ב' ב' the son ב' ב' said: ב' ב'
"I will give you my ב' ב' daughter if you can ב' ב'
find a wife for her." ב' ב'

So the woman ב' ב' went ב' ב' and found a ב' ב' woman ב' ב'
who was very rich, ב' ב' but she was ב' ב' ugly. ב' ב'
the woman said: ב' ב' "Yes, I will." ב' ב' the woman ב' ב' said: ב' ב'
"I will give you my ב' ב' daughter if you can ב' ב'
find a wife for her." ב' ב'
