Dear Rabbi Lamm:

The Chicago Board of Rabbis, which embraces in its membership all shades of Jewish religious opinion in the community, extends its sincere congratulations and good wishes to you as you are invested as the President of Yeshiva University.

An academic institution dedicated to the service of God, the spread of Torah and a deepening attachment to the Jewish people, plays a role of great significance and value that is meaningful to the entire religious community of our land. This is especially true in the case of the University in its years of existence. We are confident that under your direction and guidance Yeshiva University will continue to exemplify the highest standards of dedication to the perpetuation of our religious heritage.

We join with the many well-wishers of the entire religious and academic communities in praying that the Almighty bless
