Mr. A. Schauder
Box 140
Port Elizabeth
Union of South Africa

Dear Mr. Schauder:

I just received your packet of photographs and additional information as well as some printed material about your historic achievements on ~~your~~ ~~the~~ behalf of housing in South Africa.

I am transmitting the material to Dr. Morris Epstein of the "World Over" magazine. Because we are now entering our summer period, when all communal activity ceases, he probably will be holding the material you sent me until September or October at which time, no doubt, the article will be published.

As soon as use has been made of this material I will send it back to you. Naturally, when the article appears in print Dr. Epstein will send you a quantity of reprints.

Thank you once again for all your kind assistance. I hope the conference in Rhodesia went well. Please accept my blessings, my best wishes, and my felicitations. Mrs. Lamm sends her kindest regards.

Sincerely,

RABBI NORMAN LAMM
