My wife and I were quite thrilled to hear of your recent acceptance of the post of President of Yeshiva University.

With the many great challenges Y.U. will have to contend with in the coming years, I join with many people who feel that no wiser or more capable individual could have been selected for the post.

Over the years, you have served as an outstanding model for many of my peers, both as a Talmid Chacham and as a מנהיג. As we all look forward to many fruitful years of leadership and direction which will now hopefully emanate from Yeshiva. Having just returned from a Yeshiva University Torah Leadership Seminar in Alberta, I am more convinced than ever that Y.U. and perhaps only, Y.U. can
