

How dare you, you poisonous Jew, attack
Bishop Sheen, the most respected Christian
minister in the U.S. Why don't you attack
the Rosenbergs, the Green Glases, the Fuchs, the
Golds and the other Jewish traitors. Your
accursed tribe have a monopoly ^{of traitorism} and the day is
fast approaching when the American people as
every other nation on earth has done ~~will~~ drive you
out. Murder Incorporated was only a prelude
to Traitors Incorporated. How much more can
Americans stand? Hitler was right!
