Dear Dr. Weiss,

I thank you for yours of June 25, 1962 and I am glad the matter about my assumption of duties as Executive Director stands corrected.

The budget, for the Camp led by the Grossmans was fully covered. However, my remarks as to the contribution to be made by the Union was particularly directed with this idea in view that the Union should always share in such expenses. You are right when you say that the number of participants could be increased. For example, when the Agency has a target figure of Rs.6000/- and they expect to collect about Rs.2000/- from the participants, the total number of participants that can avail of the opportunity cannot be say more than 200. The contribution by the participants @ Rs.30/- barely covers the travel or such ~~sundry~~ expenses and if the Union offers Rs. 300/- and asks the Agency to accept 10 more persons, it will not help. The other expenses also accordingly will have to be shared to accommodate the 10 extra persons. It means, the Union will have to offer an additional sum of Rs.300/- to make the above possible. However this season has passed. Before the next, we propose to invite applications from youth, who desire to participate but cannot avail of the facility for lack of funds. We will work it out with the Agency the final figure and then advise you accordingly.

With regards to the training of students in Israel for the Teachers' course, I shall enquire from Mr. Grossman and on receipt of his reply shall communicate with you.

Mr. Kellman never made any suggestions for the improvement of the magazines; nor has he so far sent any articles for publications. I sincerely wish Mr. Kellman had made official reference to the UOJCI than to have cribbed to you about, without any warning to us.

With kindest personal regards.

Yours sincerely,

(A.D. JHIRAD)
