Gentlemen:

It is so often that people write to complain that I believe you may find it a welcome relief to receive a letter of commendation.

The members of our Ladies Hebra Kadisha have commented a number of times about the splendid cooperation they receive from you when they are called upon to perform their tasks. The helpfulness and dignity impresses them, as it does all of us. They find Rev. Scher to be especially cooperative and deserving of the highest commendation.

It is good to know that we can count on you, when the occasion arises, for such a commendable attitude and spirit.

Sincerely yours,

RABBI NORMAN LAMM
