Mr. E. Kolet
74 Barbar Rd.
New Delhi, India

Dear Mr. Kolet:

I feel that although I have been neglectful in my corresponding with you since my visit this last winter, nevertheless this is as good an occasion as any to resume our friendship.

I want to take this opportunity to tell you of my admiration for your splendid work on behalf of New Delhi and elsewhere and especially with the children, and to wish you well for the year that is about to begin. May you, your wife and children together with all our fellow Jews of all communities in India and elsewhere enjoy a year of happiness, health and spiritual eminence.

Sincerely yours,

RABBI NORMAN LAMM
