Dear Rabbi Lamm,

I read this enclosed article and think that it will give you great satisfaction to know where the couple you advised, helped, and taught ended up.

I send it to you with the wish and hope that you may continue to have the ability and opportunity to help our generation.

Jerusalem is all decorated for Yom Ha'Atzmaut and our little Israeli is anxiously looking forward to the parade.

My best to Mendy and the children,

Sincerely,
Naomi
