Dear Rabbi Lamm:

Only after our return a few days ago I found your manuscript of your deep-felt and excellently worded eulogy of my dear brother *Y's*. When re-reading the text I was as deeply moved and impressed as when I was listening to you during the memorial service. Mrs. Kisch and I wish to convey to you the expression of our sincere gratitude. I take it for granted that I have your permission to include your eulogy in a memorial pamphlet which I intend to have printed privately for distribution among the family and friends.

With kindest personal regards and all good wishes,

Cordially yours,

Guido Kisch
