Dear Rabbi Lamm:

This past Shabbos I attended morning services at the Jewish Center for the first time. I was impressed by the dignity and order of everything.

Your talks before the readings of the Torah and Haftarah were very good. I assume this is done every Shabbos and think this a most wonderful thing. Your speech was timely as well as inspiring.

To sum it up I am impressed with the Jewish Center and would like to attend regularly but am unable to do so for one simple reason — the mechitza. Would you please enlighten me in this situation.

Sincerely,

Frieda A. Zuckavash
