Dear Rabbi Lamm, yesterday a friend handed me a xerox copy of your "Sermon" on 3/11/76, when you join the hounders of H.K. - such as scribblers W. Safire etc. - In my humble opinion a strange subject for a sermon, based mostly on assumptions and hearsay:

... there can be little doubt...

... we may be sure...

... I have been told...

... charge of the hounder Al Rye...

... H.K. - the intermarried messiah...

As to the last issue did you not confuse H.K. with our teacher Moses?

Should you have any time to spare, I would modestly give you to consider to approach a prominent admirer of yours to contribute to such noble cause as { Semitic Chessed of Dr. H.K. / Belisades Gardens foundation etc.

As you can see from the enclosure H.K. did

Very sincerely yours
