

»Cheesixx«

The multifunctional cheese-cutting machine

The Cheesixx is the smallest model amongst the machines in the cheese processing product range. Whether you require small, medium-sized, or large dice, sticks or "flakes", or special shapes such as triangles or shreds, with its patented cutting technology, the Cheesixx handles all applications reliably and effectively.

Product features:

- » Magazine equipped with pneumatically powered chamber closing plate
- » Fully-sealed product loading chamber with open drainages
- » THC system for perfect shredding*
- » Product pre loading position
- » Computer controlled with touch screen
- » Cutting sets for dices and sticks and other shapes
- » Cutting sets for shredding
- » Optional cheese block hopper

All machines fulfil the strictest CE safety and hygiene regulations.

| Technical specifications Cheesixx Output (Depending on product) Max. 1.300 kg/h Loading dimension W x H x L 105 x 100 x 350 mm Feed motion 1-40 mm Power supply 3,5 kW Weight 350 kg L x W x H 1.610 x 700 x 1.140 mm Cutting grid sizes 5 x 5 mm - 50 x 50 mm | | | |
