

- 120 litre bowl of stainless steel
- Cooking and vacuum system
- Almost completely made of solid stainless steel
- Operation via cross lever switches
- Separate digital control in stainless housing
- Main cover of stainless steel, hydraulically operated
- Noise absorbing cover of stainless steel, manually operated
- Closed machine bottom with ventilation system
- Central point of lubrication for knife shaft
- Balanceable and exchangeable knife head
- Many further options

AC-8	Ultra	Rasant
<p>6 steplessly pre-programmable forward knife speeds</p> <p>2 reverse mixing speeds</p> <p>2 separate bowl speeds</p> <p>Frequency-controlled 3-phase motor of the main motor, max. 80 kW</p> <p>Separate 2 speed bowl drive motor</p> <p>Frequency-controlled drive system with smart control of output</p> <p>Command 1500 Vacuum Cutters or machines with integrated water dosing system with valve are equipped with the Command 1500. Additionally to the functions of the Command 1000 this control type shows water quantities and vacuum values.</p> <p>Separate Panel box of stainless steel with built-in main-switch</p>	<p>2 knife speeds</p> <p>2 mixing speeds</p> <p>2 separate bowl speeds</p> <p>3-phase motor with 26, 32 or 45 kW</p> <p>Separate 2 speed bowl drive motor</p> <p>Command 1500 Vacuum Cutters or machines with integrated water dosing system with valve are equipped with the Command 1500.
