

SULTRASPOT METAL

Pre-wash and post-wash stain remover for removing rust stains.

Application

- SULTRASPOT METAL is a stain removal product used for removing rust stains and old bloodstains

Properties

- SULTRASPOT METAL is a water-based product. SULTRASPOT METAL is very acidic

Use instructions

- For best results, apply SULTRASPOT METAL **undiluted** to the stain before cleaning.
- Gently work in the product with a scrubbing brush (do not rub!), so that the product has time to work.
- **Rinse** out the stain with a stain-remover gun and water.
- If the stain is still visible, repeat the procedure – if necessary, multiple times.
- **Blow the stain dry** with compressed air and clean the garment in the cleaning machine with the usual cleaning program for the garment.
- SULTRASPOT METAL should be well-rinsed from the fibres

Physico-chemical properties

- Density : 1,00
- pH (100%) : 2
- Solubility in water : completely soluble

Composition & Safety

Meets European directives on the classification, packaging and labelling of dangerous chemical substances and preparations.

Storage

Use above 5°C. Store above 0°C

Packaging

Canister 5 kg
