

OUR PLAN

To Fully Follow Jesus

Our Plan to Fully Follow Jesus

LCBC Friends and Family,

There's no doubt that a lot has changed over the past 6 months. There is also no doubt that God is doing something big in the midst of all this change—something bigger than COVID-19, bigger than face masks and social distancing, and bigger than all the unknowns that have come with all of it.

The good news is that the Church is not our buildings—it's each and every one of us who call LCBC home, and it's in the way we express the love of Jesus in our most important relationships. The Church is when you and your family gather together to hear from God as you watch Church Online in your living room. The Church is when you get on

a video call with your Group and engage in your relationship with others. The Church is when you get out into your community and take part in blood drives, serve at shelters, and even offer to cut your neighbor's grass. We are all the Church right where we are—and it's been incredible to see how the Church is thriving during this time.

And while the way we've been connecting as the Church has changed, our mission remains the same—to introduce people to Jesus and together fully follow him. And as we each work to become more fully devoted followers of Jesus, we believe we can accomplish that mission by leaning into the most important relationships we have—our relationship with God,

our relationships with others, and our relationship with our communities.

As a church family, we want to make it easy for all of us to keep investing in relationships and growing spiritually. While we know there are many different ways for us to fully follow Jesus, in the next few pages you'll find our plan as a church to help you grow spiritually on a daily, weekly, and monthly basis, whether you're an adult, kid, or student.

LCBC—don't miss out on this opportunity to engage in this plan together as a church and grow in our relationships. I'm looking forward to all that God will continue to do through you and our church.

Senior Pastor

"Thank you for having the kids content online! My kiddos LOVED recreating what they do in Oyster Bay (2-year-olds) and Treasure Cove (3-5-year-olds) and it was awesome for my husband and me to see how much of the songs and motions they remember! Then tonight, they got a surprise goodie bag delivered to our door from the wonderful LCBC Ephrata KVI Team. I could've cried. Thank you for everything all of you do!"

"Thank you for the service project that was offered to our youth yesterday. While the day was met with a lot of pushback from my daughter, she came home extremely proud of their work. Thank you for this opportunity, this was really needed, not just for her to be amongst kids her own age, but to know that we are made to serve and feel fulfilled when we can."
