**15.03 Definitions:** The following definitions apply to this chapter:

- a. Interested Person - Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement. After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization's best interest, for its own

benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

**15.14 Violations of the Conflicts of Interest Policy:** If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

**15.15 Records of Proceedings:** The minutes of the governing board and all committees with board delegated powers shall contain: (a) the names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.; and (b) the names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

**22.14 Player Releases From Roster:** No team member may join another team unless officially released by the manager first signing him/her as a team member. Official release cards must be used for this purpose. Release cards must be filed with the Season Coordinator prior to the next game. This transfer of the player is final and no transfer is allowed to any other team with the same sponsor.

**22.15 Team Disbandment, Manager and/or Sponsor Change:** If a team disbands during a season, with more than one-half (1/2) of the season remaining to be played, all teams shall receive a win whether or not they have played the scheduled game(s) with the disbanded team. **22.291 Weather Stoppages During Play:** In the event of a change in weather conditions after a game has started, the home plate umpire may suspend a game until weather conditions improve. If a game is suspended, play will resume when weather conditions permit, at the point at which play was stopped. If weather conditions do not improve that day, the Season Coordinator shall terminate the game.

- c. If a game is terminated following a suspension before it is an official game the game will be replayed from the beginning. If the game is terminated after it is official, the game will count in the standings as a completed game.

## **SECTION 1 – PLAYER ELIGIBILITY & REGISTRATION**

**23.10 Registration & Eligibility:** Players must be eighteen (18) years of age or older at the time of registration. A player shall not be eligible to play until such time as the player has paid the fees required, agreed to all terms and conditions of the league presented during registration and is rostered on a team under these rules. No player may play any game or portion of a game unless the fees are paid in full. Any person, of any gender identity, may register, be rostered, and compete for any team.

**23.11 Team Draft Process:** Upon the close of registration, the Season Coordinator shall perform the following steps to draft players to teams for the season.

- a. The Season Coordinator shall determine number of teams to be rostered by dividing the aggregate number of registered players by twelve (12) and the number of teams shall be the next lowest whole number from that answer.
- b. The Season Coordinator shall assign one person to manager of each team with that person’s consent, and roster one registered player who is a consistent pitcher, regardless of the pitcher’s rating, to each team to ensure that teams have pitching ability.
- c. The Season Coordinator shall randomly determine the order of each team’s position in the draft process. This selection order shall order teams in the draft from first to last and then last to first. (Example: Teams 1 to 5 will draft followed by Teams 5 to 1 in reverse order). This order repeats until available players are exhausted.
- d. The Season Coordinator shall divide all registered players into groups based on that years or the last available year’s NAGAAA rating; each group being all the players in that rating group, and one (1) group being all unrated players. Players who’s last NAGAAA rating is more than five (5) seasons prior to the current season shall be considered non-rated players.

- e. The Season Coordinator shall begin with the highest rating group and randomly draft one (1) player to the team with the first selection in the draft process. The Season Coordinator shall repeat this step drafting a player from the highest rating group with players available for the next team in the selection order and continue in such a manner until all rated players are drafted to a team.
- f. Prior to drafting non-rated players, the Season Coordinator shall determine the total team rating of each team which is the sum of the ratings of all players on the team to this point. The Season Coordinator shall then, at their discretion, reassign players as necessary to balance, as best as practicable, the team ratings across the teams. The assigned pitchers and/or managers shall not be reassigned under this step.
- g. The Season Coordinator shall next draft unrated players to the teams following the same process as in (e). This step shall begin with the next team in the selection order to receive players.
- h. After all players have been assigned, the Season Coordinator shall ensure that no team roster is more than one (1) player larger or smaller than every other team in this season. To accomplish this, unrated players may be moved to another team to balance the roster.
- i. In this process, any player who has designated a partner, spouse, or significant other who is also a player to be assigned to the same team as the original player, shall be considered paired and both players shall be rostered on the same team. The Season Coordinator is authorized to adjust rosters to accomplish all pairings.
- j. The Season Coordinator shall publish team rosters in such time before the season start so that team's may organize as desired.

**23.12 Managers Responsibilities:** The team manager(s) is responsible for the conduct of the team members. A manager found to have participated in unsportsman-like conduct may be suspended.

**24.02 Commissioner's Duties:** It is the duty of the Commissioner to ensure that each player of this league, playing in the NAGAAA Qualifying Season, is rated appropriately and according to the NAGAAA Player Rating Guidelines. The Commissioner may request the assistance of the Board of Directors, managers, players, or other league personnel to assess and complete the player ratings.

**24.03 Ratings Final & Public:** The Commissioner's determination of a player's rating and entry into the NAGAAA database is final and without appeal. Player ratings will be publicly made available on the SSBL website.

## CHAPTER 25 – NAGAAA PLAYER RATING GUIDELINES

**25.01 Jurisdiction:** This chapter is provided as information for players in the Summer Open Softball Season on the goals and terms of ratings as applied by NAGAAA, affecting NAGAAA sanctioned tournaments and other regional tournaments adopting these ratings as their own.

### SECTION 1 – DEFINITIONS

**25.10 Definitions:** The following definitions apply to this chapter:

a. **At-bat** – An at-bat is charged to a player following every plate appearance except when: 1) the player hits a sacrifice fly that scores a runner, 2) the player is awarded a base on balls, or 3) the third out occurs and the batter is not entitled to run to first base. Exception #3 shall not be considered if the batter is out due to a strike being a foul ball which ends the at-bat. In the event of any discrepancy between this definition and the official scoring rules of the USA Softball (ASA) and definition contained therein, the latest version of the USA Softball (ASA) rules shall control.

b. **Base Safely Reached on Error** – A batter shall be credited with a base safely reached on error on the part of a defensive player(s) who is charged with an error by the scorekeeper.

c. **Behind the player (for fly balls)** – The area on the field starting directly to the right of the player, proceeding in a 180-degree arc behind the player and ending directly to the left of the player.

d. **Cleanly fielding the ball** – The player receives and controls the ball immediately while over his/her center of gravity (i.e. not on their knees, on the ground or off-balance) and does not cause any delay in making the next play (e.g., tags the runner, steps on the base, throws the ball to the appropriate place on the field).

e. Deliver multiple pitch techniques with accuracy – The ability to use arc, spin, location and movement of the ball to deliver various pitches (e.g. curve, change up, cutter / reverse curve, knuckle ball) that are called strikes or cause the batter to swing.

f. Directly at the Player – A ball hit at a player that does not require the player to move his/her feet, although it may cause the player to reach in any direction to make the play.

g. Fly Ball - Any batted ball that is in the air for more than 3 seconds but less than 5 seconds

h. Ground Ball – Ball hit with a downward trajectory that makes contact with the ground in front of the player when hit directly at a player or in front of the bases when hit between players.

i. Hard Hit Ball / High Velocity – a ball hit greater than 250 feet in the air or a ground ball that would roll to a distance greater than 250 feet, if not impeded

j. High Fly Ball – Any batted ball that is in the air for five (5) seconds or more.

k. Hit – A batted ball that allows the batter to reach base safely: 1) on a fair ball which settles on the ground, clears the fence, or strikes the fence before being touched by a fielder, 2) on a fair ball which is hit with such force or such slowness or which takes an unnatural bounce that it is impossible to field with ordinary effort in time to make an out, 3) when a fair ball which has not been touched by a fielder becomes dead because of touching the person or clothing of an umpire, or 4) when a fielder unsuccessfully attempts to retire a previous runner and in the scorer's judgement, the batter-runner would not have been retired at first base by perfect fielding. A hit shall not be scored: 1) when a runner is forced out on a batted ball or would have been forced out except for a fielding error, 2) when a player fielding a batted ball retires a preceding runner with ordinary effort, 3) when a fielder fails in an attempt to retire a preceding runner, and in the scorer's judgement, the batter-runner could have been retired at first base, or 4) when a batter reaches first base safely as a result of a preceding runner being called out for interfering with a batted or thrown ball, or with a defensive player. In the event of any discrepancy between this definition and the official scoring rules of the USA Softball (ASA) and the definition contained therein, the latest version of the USA Softball (ASA) rules shall control.

l. In the Hole – A ball hit that requires a player to take 4-5 steps (12-foot or greater) in order to make the play.

m. Intentionally – See “on purpose”

n. Intentionally Place Hit a Ball – The batter executes getting on base and/or moving base runners for an advantage by hitting the ball to a specific place within their field of choice with at least medium velocity; A player can drive the ball down the baseline of the side on which they bat (e.g., right handed batter can hit down the 3rd base line); a player can drive the ball down the baseline of the opposite side on which they bat (e.g., right handed batter can hit down the 1st base line); A player can adjust footing, stance, swing or timing to cause the ball to move in a direction that is advantageous to their game or runners (e.g., hitting behind a runner, intentionally not hitting towards where the lead runner is advancing as his goal, hitting to a specific player that has struggled to field well during the game, etc.), or; this is a manufactured hit.

o. Line Drive – a ball that from the point of contact rises vertically less than 10% of the total horizontal 766 distance it travels, or in the case of a throw, a ball that from the point of release rises vertically less than 5% of the total horizontal distance it travels.

p. Medium Hit Ball / Medium Velocity – a ball hit 150 to 250 feet in the air or a ground ball that would roll to 769 a distance of 150-250 feet, if not impeded.

q. Modified batting average – The percentage resulting from the sum of a player's: 1) hits and 2) bases safely reached on error divided by the player's at-bats.

r. Off center of gravity – The player fields the ball from his/her knees, off one foot, while moving the opposite direction from the throw or while in the air.

- s. On Purpose – with intent
- t. Slow Hit Ball / Slow Velocity – a ball hit up to 150 feet or less in the air or a ground ball that would roll to a distance of less than 150 feet, if not impeded.
- u. Stopping the ball – The player prevents the ball from continuing beyond the player and causes it to remain in the vicinity of the player. The player is not able, however, to make the next play without delay.
- v. Vicinity – within a step in any direction laterally of the player receiving the throw
- w. Within a few steps - A ball hit that requires a player to take 2-3 steps (9-10 feet) in order to make the play.

(NOTE: In reference to the modified batting average, a batted ball resulting in a fielder's choice is not included in the definition of a hit and therefore is not included in the number of hits a player is recorded to calculate the modified batting average. The USA Softball Rules and NAGAAA Governing Manual do not define a fielder's choice. A Fielder's Choice is understood to be an outcome of a batted ball where a preceding runner was put-out (or could have been in the judgement of the scorer) rather than the batter-runner. See subsection k for these results of a batted ball that do not constitute a hit. This note is explanatory on the definition of modified batting average, and is not considered a governing rule. Added by Board of Directors February 17, 2019)

## SECTION 2 – PLAYER RATING GUIDELINES

**25.20 Rating Guidelines:** The following are the official rating guidelines this organization:

*Directions:*

1. Read the following Statement of Purpose: *This form is intended to be used as a tool to assist those responsible for rating players so ratings may be fair and consistent across all levels of play and across all leagues in the Open Division. All questions are intended to determine if a player possesses a skill or skills necessary for softball*
2. Read & understand the definitions of the various terms used in ratings in the definitions section of this chapter
3. Answer YES or NO for each question.
4. Many questions have multiple parts. A YES to ANY one part is a YES to the question.
5. Questions: All questions will begin with the phrase: DOES THE PLAYER HAVE THE ABILITY TO...

**DIRECTIONS: Review each of the following questions for every player. Does the player have the ability to perform the listed skill 60% of the time (unless otherwise identified)? If so, the player receives a YES for the question. A YES to any part of a question is a YES to that question.**

HITTING	Question 1	Question 2	Question 3	Question 4	Question 5	
	Hits a fair ball with low velocity.	Hits a fair ball with medium velocity.	Hits a fair ball with high velocity.	Hit a fly ball >300 ft <b>OR</b> hit a fly ball >300 ft over a fence. <i>(20% threshold)</i>	Intentionally place hit a ball.
