

## Boys Varsity Academic Standards

- Student-athletes must maintain a cumulative 2.3 GPA Minimum to participate in practices and games.
- Student-athletes may not participate in practices or games if they have an F-grade in **any of** their classes.
- Student-athletes must come to practice to watch and work on schoolwork if the above reasons disallow them from participating.
- Student-athletes may not go to games if the above reasons disallow them from participating.
- Student-athletes with lower than a cumulative 2.3 GPA must meet with the High School's academic advisor and have a grade improvement plan in place to be eligible to participate in team activities.
- Student-athletes may acquire exemptions for any F-grades if given a signature from the teacher of the F-grade class.
- Student-athletes will do a grade check every Monday before practice using Infinite Campus. Players are expected to complete their grade check prior to the start of practice.

### Participation Standards

- Student-athletes must come to all practices, or a coach must approve absences except for emergency situations that arise on a short-term basis such as sickness or family matters. Players are still expected to alert the coaching staff of any emergency situations in a timely manner
- If a student-athlete misses a practice with no predetermined excuse that player will miss a quarter of the next game.
- If a student-athlete misses more than one practice, the quarters missed compound. For example, if a student-athlete misses three practices without a coach approving of their absence, then that student-athlete misses three quarters of the next game.
- Being late for practice is unacceptable. Punishments for being late include a ladder down the field for every late teammate. (Including student-athlete that arrived on time but were not ready to play on time.)
- Student-athletes should arrive fifteen minutes before practice to ensure they will be ready on time.

## Drug and Alcohol Policy

The Teton Valley Boys High School Lacrosse Drug and Alcohol policy is strict and has blanket consequences. Any player either caught in the act or shown by evidence (photo/video) partaking in the use of drugs, alcohol, or tobacco/tobacco products will be met with the following consequences.

- The 1st offense triggers a coach meeting with the parents and student-athlete, and a 2-game or 1 week-long suspension, whichever is longer. Student-athletes are still expected to be at practice but are not allowed to participate.
- The 2nd offense triggers a coach meeting with the parents and student-athlete, and the student-athlete will be suspended for the rest of the season. A hearing committee will be available for anyone who reaches a second offense. This committee will be composed of board members who are not parents of student-athletes on the Boys High School team. This committee oversees hearing cases to potentially shorten the suspension of said student-athlete. The committee must believe that the student-athlete is committed and has a monitoring plan in place to end any use of substances before any suspension is lifted or reduced.
- It is up to the student-athletes to report any posting on social media, Reporting will be 100% anonymous.
