

PLAYER CODE OF CONDUCT

NOTSO AMAZON SOFTBALL LEAGUE 2022

Purpose

The player code of conduct was created as a tool to keep Notso players safe, and foster the values of the league. By acknowledging player responsibilities, the league can be sure that all responsibilities have been effectively communicated and understood.

I acknowledge:

- I will treat everyone in the league with respect and dignity
- I will not behave in a homophobic, transphobic, racist or ableist manner
- I will play fairly in all games, and respect the umpires' decisions
- I will follow all public health guidelines regarding COVID-19 isolation, testing and travel
- I will not attend any league games or events if I am experiencing symptoms of an infectious disease (that are not explained by any known or chronic non-contagious illness)
- I will inform a Collective member if I have been to a Notso game or event while I could have been infectious
- I will notify a Collective member if I witness another player violating the Player Code of Conduct
- If I have been found to have violated the Player Code of conduct I will be removed from the league, and may not be able to play in future seasons
