

Kitty's

COSMOPOLITAN
CLUB™

EXPERIENCE

Tucked into the lower level of Crying Tiger, in River North, Kitty's Cosmopolitan Club is a cocktail lounge from Partner and Beverage Director Kevin Beary and the award-winning bar team behind Three Dots and a Dash and Gus' Sip & Dip. All cocktails are ordered, crafted, and served by expert bartenders, ensuring meticulous attention to detail and impeccable service for any occasion. The opulent interior was created in collaboration with David Collins Studio, responsible for the stunning spaces of Tre Dita and Crying Tiger.

BEVERAGE

The bar's spirits selection is carefully curated for quality and performance in refined classic cocktails. Services include Chicago's first dedicated -16°F walk-in freezer, where cocktails are prepared and held at precise temperatures to control dilution, creating concentrated flavor and a silky, refined texture. Guests can also enjoy cocktails prepared from a trolley and served in fine crystal to highlight the spirit at the center of each drink. Made-to-order classics are executed using modern technique, and a curated selection of low- and no-alcohol cocktails is available, along with coffee and tea.

CUISINE

The food menu is a collaboration between James Beard Award-nominated Chef Thai Dang of Crying Tiger and HaiSous Vietnamese Kitchen, and Chef Bob Broskey of RPM Restaurants and Gus' Sip & Dip, featuring a raw bar selection and curated dim sum designed to complement the cocktail program.
