

CUISINE

Hub 51 is a social dining spot serving up contemporary American eats in Chicago's River North neighborhood. Open for lunch, dinner, weekend brunch and late night, the menu has something for everyone, from main-dish salads and sushi to homemade tacos and massive, two-handed sandwiches. Signature items include the *Pulled Chicken Nachos* with cheddar and Oaxacan cheeses and fire-roasted salsa; *Shaki-Shaki Tuna* with spicy ginger and crispy rice; the fully-dressed *First-Rate Prime Cheeseburger*; and for dessert, *Martha's Special Occasion Carrot Cake* with whipped cream and cream cheese frosting.

BEVERAGE

Hub 51 offers a large selection of seasonally-changing craft and zero-proof cocktails, an excellent beer program with specialty and hard-to-find craft brews on draft, plus a weekly rotating "draft of the moment" special.

EXPERIENCE

The restaurant exudes a cool, hip vibe and never takes itself too seriously. Walnut paneling lines the 10,000 square foot space while exposed ceilings and white brick create an industrial yet warm ambiance. A 20' bar welcomes guests as they gaze into an open kitchen and moveable garage doors—which can be raised onto the lively city street and large outdoor patio—add to the spacious and inviting atmosphere.

SUB 51

Located just below the restaurant on the lower level is Sub 51, a boutique nightclub and dance lounge that features premium bottle service and signature cocktails on Friday and Saturday nights. The sleek space offers a lively late-night atmosphere with group drinks, dancing and music pumped from a state-of-the-art Funktion-One sound system. Sub 51 is also suited to host parties of any size and style, particularly birthdays, bachelor/bachelorette parties, wedding afterparties and more.
