EXPERIENCE

Prime Meats by Lettuce is a delivery-only butcher shop offering a curated selection of fresh, premium steaks and chops across Chicago. Backed by more than 50 years of culinary expertise, Lettuce chefs have built lasting relationships with the world's best farmers, ranchers, and purveyors to source only the finest meats. Prime Meats gives guests access to more than a dozen exceptional cuts including prime dry-aged cuts, globally sourced wagyu, bone-in chops, filets and more. Orders are delivered with preparation instructions and chef-driven tips for perfect results whether grilling, pan-searing, or broiling.

MENU

The curated selection includes USDA-certified Creekstone filets, richly marbled prime dry-aged steaks, and rare, globally sourced wagyu from Japan and Australia. Classic bone-in favorites, like the Bernie Miller Chop and bison filet, round out the menu, each chosen for outstanding quality, flavor, and tenderness. To elevate the at-home steakhouse experience, guests can customize their order with finishing touches like Tallow Butter, Garlic and Rosemary Butter, Black Truffle Butter, and RPM Restaurants' Signature Steak Salt.
