

HEATHDALE 2022 Fee Schedule

Issued October 2021 | MELTON CAMPUS

Where do fees go?

There are many everyday costs associated with running the College, and we won't break them down for you here. However, we would like to share with you our heart for how we look to our Present and Future when considering fees by looking at some of the key areas of investment in our College.

OUR STUDENTS

Everything we do at the College is aimed to fulfil our purpose of honouring and glorifying God through the provision of Christian education that helps student's discover and develop their God-given potential. At every stage, whether it's investing in IT infrastructure and device rollouts, developing facilities or purchasing new learning tools — the desire to partner with families by enriching our students' lives and learning is at the heart of our planning and financial decisions.

OUR STAFF

Our incredible, dedicated Christian staff are core to the Heathdale experience. Ensuring we have appropriate class sizes and Learning Enhancement support requires a healthy ratio of teaching staff to children. On top of that, we have a sizeable group of Specialist teachers who pour their passions into their teaching and vice versa. This extends from languages, arts, music and PE in Prep, all the way to our extensive breadth of subjects available in the final years of Secondary schooling. In order to support the smooth running of the College, our Business Services team ensures the College effectively manages critical areas like our reception and communication with families, technology and device programs, the continued maintenance and enhancement of our wonderful College facilities, and much more.

OUR FUTURE

Over the last few years, the College Board and Senior Leadership have been working on two key future-focused initiatives that will guide the College over the next decade. The first is our Strategic Directions. The Strategic Directions encompass five areas of focus for the College that embrace our Past, suit our Present and allow us to move boldly into the Future. The second is our Facilities Masterplans for the Melton and Werribee campuses. Both Masterplans envision significant development of both campuses as we enable the growth of our College over the coming years. We are excited to introduce the Strategic Directions and Masterplans to you over the remainder of 2021. So stay tuned!
