

# Appendix Fulfillment Registration Services

This appendix only concerns the registration and administration of domain names designated as fulfilment TLDs in the RRPproxy interface

## Preliminary Remark:

KS is an officially accredited Registrar of the Registry Operator for the fulfillment TLD activated RSP and KS agree that RSP can register, renew and administer domain names in various nonautomated TLDs (designated as „Fulfillment TLDs“) for his customers through KS's fulfillment service.

## § 1. Registration Requirements

General terms and conditions of KS:

### TLD-Specific Policies:

Each TLD has specific registration policies and terms of use. These policies are detailed on the respective web presence of each TLD operator, as well as on the KS Domain Information WIKI:

<http://wiki.rrpproxy.net/>

RSP is obliged to inform himself and his customers about these policies. The registry policies shall be deemed to be incorporated as part of each registration agreements by reference. Each customer who registers a domain beneath must accept these policies as part of the registration agreement with his provider and the registry.

## § 2. Domain-Name Dispute Resolution

Domain name dispute resolution policies may apply in certain fulfillment TLDs. Such policies are detailed on the respective web presence of each TLD operator as well as on the KS Domain Information WIKI. RSP is obliged to inform himself and his customers about these policies independently. Each customer who registers a domain beneath a fulfillment TLD must accept these policies as part of the registration agreement.

## § 3. Term of Registration

The registration or renewal of registration can only be performed in one year terms and will be automatically renewed at the end of each term, unless different terms are detailed in the KS Domain Information WIKI entry for the respective TLD. Due to the manual processing requirements and quality management processes, the deletion timeframe is set at 30 days prior to the actual expiry regardless of registry terms.

## §4. Domain Operations

Domain operations include the registration, transfer, trade, owner-change and renewal of a domain name in a fulfillment TLD. Up to three name-server modifications are included in the annual registration fees. Further modifications may be charged independently

## § 5. Costs

The prices of all domain operations, modification charges and included services in a fulfillment TLD can be viewed directly through the RRPproxy WebInterface under the respective Top-Level-Domain (under [www.RRPproxy.net](http://www.RRPproxy.net) --> Account --> Zones&Prices). Unless differently noted in the web interface, all costs will be charged in USD. Upon registration of a domain name we will automatically exchange the respective fee into USD according to the daily exchange rate of the European Central Bank (ECB) V.A.T. only applies to RSPs who have their corporate office in Germany or to RSPs within the European Union, who do not possess a valid V.A.T. ID. The V.A.T. is not applicable to RSPs outside the European Union.
