

## **TLC™ Intentional Living** **in the corporate world** **training & coaching**

*Transforming Leaders Today*

Dr. Yvonne Sum believes that we are all leaders in our lives – the fact that no one else can lead our lives for us, supports that philosophy. She specializes in incorporating leadership development in all areas of skills training, be it technical, sales, strategic planning, vision and values alignment, work-life balance, management and all levels of leadership.

Dr. Sum is leading out in putting family values back into leadership. It is fascinating how she has used her unique *Transformational Leadership Challenge (TLC)™* series of programs to bring her so-called "*Parenting Leadership*" style into not just your home front and also into the business and corporate arena. *Parenting Leadership* is about being true to your own values to be your authentic best and hence become a role model for all that you wish to inspire (eg. children, peers, partners, family and team members) so the latter can live their highest potential. The *Transformational Leadership Challenge (TLC)™* series of programs can be taken from two contexts.

1. TLC™ Parenting
2. TLC™ Intentional Living

This program focuses on the needs of leadership in the corporate environment, and can be customized to the exact needs of any organization.

### **Our Mission:**

*We, the Dr Yvonne Sum Group, will conduct TLC™ Parenting training & coaching programs to inspire and facilitate Executives & Professional through Leadership founded on love, highest intentions & family values as we awaken Parents and children around the world to transform their lives in a joyous Learning Partnership of mutual discovery to actualize their Dreams.*
