

English Speaking Club: Scavenger Hunt!

With your group, complete and discuss the following tasks. There are three different sections to complete.

Remember to use English! (And have fun, too!)

1) Location, Location, Location!

-  **Map It:**
 - Each person should go to this map: [English Club Meld: Member Locations Map](#)
 - Each person in the group places a “pin” (a square box) on the city they are currently living in. If there is already a box on your city, choose a box of a different color and place it near the other boxes present.
-  **Photograph It:**
 - Each person in the group, go to your front door. Open the door, and take a picture of what you see.
 - Come back, and upload the picture to this document in the table below (next page).
-  **Discuss It:** What are some similarities and differences that you see in your locations? How many people are in cities, and how many are in the countryside? Is anyone in the same city, or in neighboring cities? How many people are in the north, south, east and west of the country?

| Name | Location | Picture |
|------|----------|---------|
| | | |
| | | |
| | | |
| | | |
| | | |

2) Ancient History:

-  **Find It:** Each person, look around your house. What is the oldest item you can see? Take a picture of the object and share it with your groupmates
-  **Discuss It:** Who has the oldest item? When is it from, and what is it? Upload the picture of the oldest item to the table below:

| What is it? | How old is it? | Picture |
|-------------|----------------|---------|
| | | |

3)Travel Turkey:

-  **Discuss It:** as a group, discuss what the most important places in Turkey are. These can be historically important places, places that are important because of their beauty, or anything else!
-  **Decide:** As a group, decide what ONE place in Turkey is the most important place for people to see and visit. In other words, if someone is only going to see ONE place in all of Turkey, what should that ONE place be, and why? If possible, find the website for this location. After discussing, write notes about your idea in the table below:

| What/Where is the ONE most important place? | Why is it important? | The website of the location |
|---|----------------------|-----------------------------|
| | | |
| Picture to represent this place: | | |
| | | |
