Chairman's Report

I present the Annual Report of Australian United Investment Company Ltd which is for the year ended 30 June 2017.

The Company's objective is to take a medium to long term view and to invest in a diversified portfolio of listed Australian equities which have the potential to provide income and capital appreciation over the longer term.

Modest exposure to the Australian equities Small Cap sector is achieved through investment in unlisted managed funds.

The profit for the year after income tax was \$44,086,600 compared to \$42,209,639 in the previous year, an increase of 4.5%, or an increase of 3.8% if special dividends received in both periods are excluded. Special dividends of \$435,000 after tax were received this year compared to \$163,700 in the previous year.

The total net profit after tax for the year of \$44,086,000 excludes net realised gains and losses on the investment portfolio which are transferred directly to the Asset Revaluation Reserve.

The weighted average number of ordinary shares for the year was 123,557,412 against 120,054,058 last year, taking into account the shares issued under the dividend re-investment plan, an increase of 2.9%.

Earnings per share based on profit after tax was 35.3 cents excluding the special dividends received, an increase of 0.9% from the prior corresponding period. Including the special dividends received, earnings per share rose by 1.4% to 35.7 cents.

Operating expenses (including the management fees of the Small Cap managed funds, and excluding borrowing costs) were 0.10% of the average market value of the portfolio compared to 0.10% in 2016.

Bank borrowings were \$130 million at the end of the financial year (previous year \$122 million) amounting to around 10.9% of the investment portfolio at market values. Cash on hand, cash on deposit and net short term receivables were \$53 million, or 4.5% of the investment portfolio at market values (previous year \$27 million, or 2.5%).

Annual interest expense was covered 10.1 times by investment revenue (previous year 9.8 times).

The net asset backing per share before provision for estimated tax on unrealised gains and before provision for the final dividend was \$8.57 at 30 June 2017, compared to \$7.57 at 30 June 2016.

The final dividend for the year ending 30 June 2017 is 18.5¢ per share fully franked which, with the interim dividend of 15.5¢ per share fully franked, makes 34.0¢ per share fully franked for the year, steady on the previous year.

The final dividend will not include a Listed Investment Company capital gain dividend.

Dividends paid or payable for each of the last 5 financial years are as follows:

Year	Dividend Paid
2016/17	34.0 cents per share
2015/16	34.0 cents per share
2014/15	33.4 cents per share
2013/14	31.5 cents per share
2012/13	29.0 cents per share

* Adjusted for the bonus element in the November 2015 1:8 Rights Issue.

The Company's reported net tangible asset backing per share before provision for the final dividend (based on investments at market values and after provision for tax on net realised gains but not on unrealised gains) over the last 5 years are as follows:

Date	NTA Backing Per Share
30 June 2017	\$8.57
30 June 2016	\$7.57
30 June 2015	\$8.28*
30 June 2014	\$8.43*
30 June 2013	\$7.37*

* Adjusted for the bonus element in the November 2015 1:8 Rights Issue.

The Company's performance in recent years (assuming all dividends were re-invested) is as follows:

	AUI Net Asset Backing Accumulation % p.a.*	AUI Share Price Accumulation % p.a.*	S&P ASX 200 Accumulation Index % p.a.
1 Year	18.0	18.4	14.1
3 Years	4.9	4.8	6.6
5 Years	11.3	13.0	11.8
10 Years	3.2	3.5	3.6

* Incorporating the bonus element in the November 2015 1:8 Rights Issue.

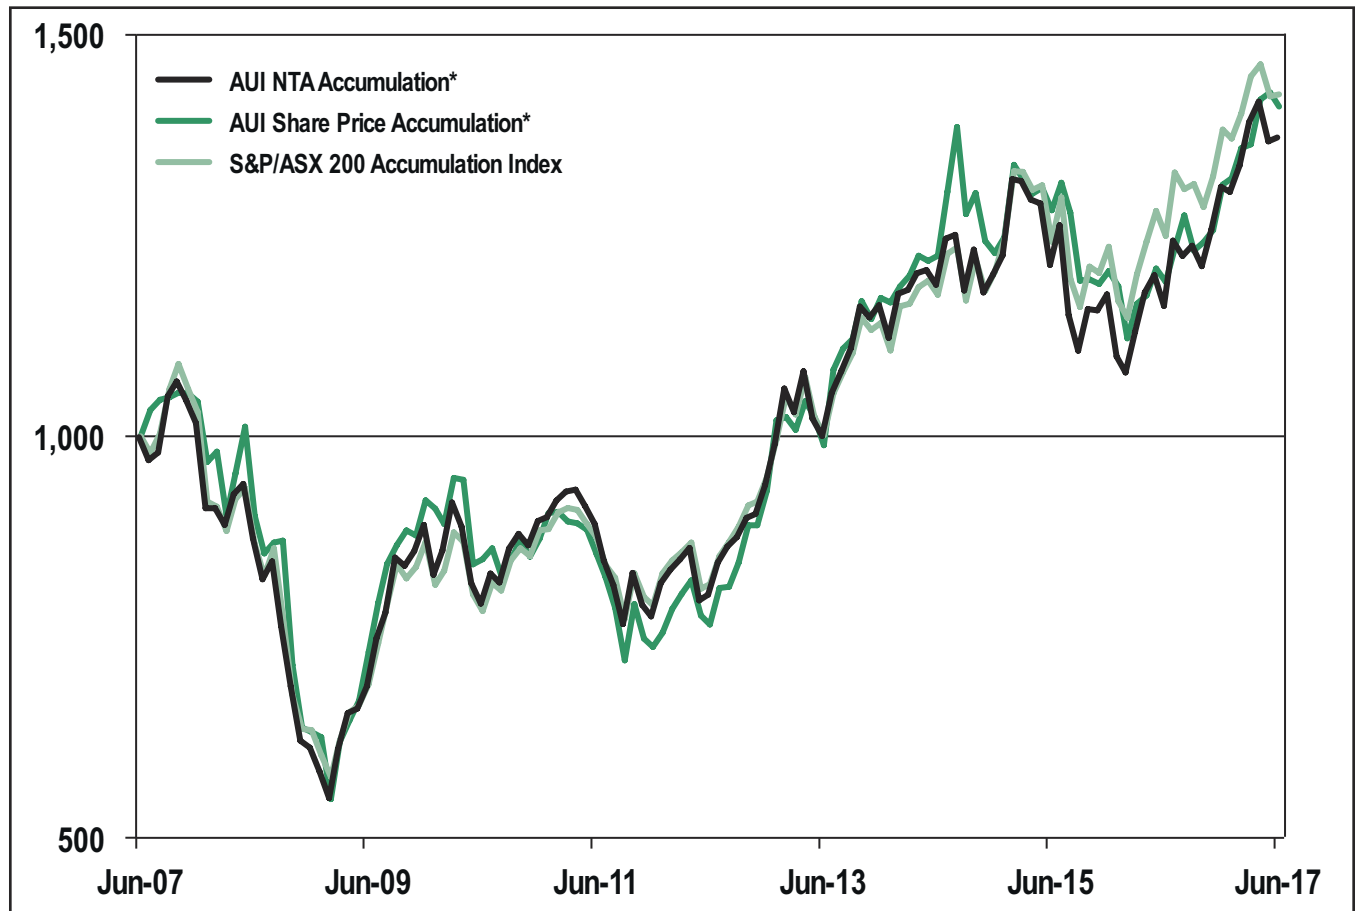

Including the benefit of franking credits for shareholders who can fully utilise them, the Company's accumulation return for the year to 30 June 2017 was a rise of 20.1% compared to a rise of 15.9% in the S&P/ASX 200 Franking Credit Adjusted Total Return Index.

The Company's net asset backing accumulation performance is after tax and expenses and the impact of the Company's gearing for which no allowance is made in the index.

The Company's relative performance for the year was assisted by strong contributions from stocks such as South32, Orica, Challenger, BT Investments, Rio Tinto, Perpetual and Lend Lease, all of which saw price appreciation in excess of 30%. The portfolio also benefitted from being underweight the REIT and Telecommunications sectors and from its modest level of gearing.

The following graph shows the accumulation performance of the Company's net asset backing (before provision for tax on unrealised gains) assuming all dividends were re-invested, as compared to the S&P/ASX 200 Accumulation Index over the last ten years.

Corporate Governance Statement

The Company has adopted corporate governance principles in accordance with the Australian Securities Exchange Corporate Governance Council's "Corporate Governance Principles and Recommendations". Any material departures from the recommendations are referred to in this statement. This Statement is available in both the Company's Annual Report and on its website.

1. Accountability and Responsibility

The Board is accountable to the shareholders and is responsible for:

- Setting strategic and financial objectives;
- Monitoring the Company's performance and financial position and overseeing the financial accounts and reporting;
- Identifying and managing business and compliance risks;
- Managing the Company's investment portfolio;
- Overseeing relationships with outside service providers;
- Appointing the Company Secretary and setting and overseeing responsibilities delegated to the Company Secretary; and
- Setting ethical standards for the Company.

2. Composition

The Board currently comprises 4 directors. The Company's constitution requires 3 to 6 directors. Other than the Company Secretary the Company has no executives or executive directors. If a vacancy arises the Nomination and Remuneration Committee chooses the best available candidate using professional advice if this is deemed necessary. In this process the Company has a neutral approach to gender diversity. A director who is appointed during the year is required to stand for election at the next Annual General Meeting.

Mr C B Goode, being a governor of The Ian Potter Foundation, is associated with a substantial shareholder. He brings significant and relevant experience to the Board. All other directors are regarded as independent. However, in that the Chairman of the Board is not independent the Company departs from the Australian Securities Exchange Corporate Governance Council's Recommendations. A lead independent director is not considered necessary given the small size of the Board. Appointed directors must stand for election at the next Annual General Meeting. One third of directors stand for re-election at each Annual General Meeting. There is no set retirement age or term for directors. Extensive experience in the investment markets is valued. Details of the qualifications, experience and length of service of directors are set out in the Annual Report.

3. Operation

The Board usually meets eleven times each year and consults on investment matters between meetings. The Board has responsibility for day to day management of the investment portfolio. Transaction levels are low as the portfolio is held for the long term. The Board reviews financial statements, forecasts, the investment portfolio, the net asset backing per share, and compliance reports monthly. The Company Secretary is responsible for either providing the information or co-ordinating it from outside service providers.

4. Delegation

The duties and responsibilities of the Company Secretary, the Company's only employee, are set out in a letter of engagement which the Board approves. The Company Secretary is directly accountable to the Board, through the Chairman. The Board also approves letters of engagement for the externally provided accounting, tax, custody and audit services. Share registry services are on commercial terms.

5. Directors' Terms of Appointment, Remuneration and Performance

Directors' terms of appointment are set out by letter at the time of their appointment and new directors are inducted by the Chairman and the Company Secretary.

Directors' fees are reviewed annually by the Nomination and Remuneration Committee with reference to the Company's activity, changing responsibilities and in comparison to fee levels of a peer group of companies. Independent remuneration advice may be sought. The maximum total of directors' fees is set by the shareholders in general meeting. Details of directors' remuneration are set out in the Remuneration Report in the Annual Report.

Each director appointed before October 2006 entered into a Retirement Agreement at that time to convert accrued retirement entitlements into shares in the Company to be held in the Non-Executive Directors 2006 Accrued Entitlements Share Plan until retirement, as approved by shareholders.

Each director has entered into a Deed of Access, Indemnity and Insurance with the Company and is covered by the Company's Directors and Officers Liability Insurance.

The duties of directors are as set out in the Corporations Law, in this statement and by letter at the time of their appointment. In addition to board meetings directors are expected to attend committee meetings where applicable, for no additional fee. They are expected to make a pro-active contribution to the management of the Company's investment portfolio from their reading, research, analysis, and information collected outside of board meetings.

Directors are not required to own shares in the Company. Directors have agreed not to enter into margin loans over their shareholdings in the Company.

After prior discussion with the Chairman, directors are entitled to seek independent advice at the expense of the Company, which advice will then be made available to all other directors. Directors are entitled to unlimited access to the Company's records.

The Board reviews its performance annually by discussion and by individual communication with the Chairman, and by reference to generally accepted Board performance standards. The Board also conducts an annual review of the performance of the Board Committees, the Company Secretary, and outside service providers.

6. Board Committees

The Board has a Nomination and Remuneration Committee comprising all directors and an Audit and Risk Management Committee comprising all directors except the Chairman. The Audit and Risk Management Committee meets at least twice and the Nomination and Remuneration Committee at least once per annum. The Charter of each committee is reviewed by the Board annually and is published on the Company's website. The Audit and Risk Management Committee Charter includes inter-alia, appointment of the auditor, assessing its independence, managing the audit relationship, and overseeing internal controls and risk management. The external audit partner rotates every 5 years.

The Audit and Risk Management Committee has an independent Chairman and a majority of independent directors. All members are non-executive. It is considered to have sufficient relevant expertise and to comply with the Australian Securities Exchange Corporate Governance Council's Recommendations.

The Nomination and Remuneration Committee has an independent Chairman, and a majority of independent directors. It considers and makes recommendations to the Board regarding Board composition and remuneration of the directors and the Company Secretary. The Company Secretary's remuneration is disclosed in the Remuneration Report in the Annual Report.

No additional fees are paid to members of the Board committees.

Committee members' qualifications and attendance at meetings are set out in the Directors' Report in the Annual Report.

7. Disclosure Procedures and Share Trading

The Company has established policies and procedures to ensure compliance with the Australian Securities Exchange listing rule disclosure requirements including monthly disclosure of the Company's net tangible asset backing per share on both a pre and post tax basis. Directors and the Company Secretary are prohibited from dealing in the Company's securities (other than to participate in the Dividend Reinvestment Plan or any Share Purchase Plan or rights issue) from 1 January to the day after the announcement of the Company's half year results and interim dividend, and from 1 July to the day after the announcement of the Company's financial year results and final dividend.

8. Shareholder Communication

The Company communicates with shareholders through:

- The annual report
- The half year report
- The Company's website
- Telephone and email availability of the Company Secretary at the Company's office
- Annual General Meeting including Chairman's address and question time
- Mailing of Chairman's Address to all shareholders and posting to website

Shareholders may opt to receive Company communications electronically.

The external auditor is available for questioning at the Annual General Meeting.

9. Risk Management

The Company does not have an internal audit function. The Audit and Risk Management Committee reviews the internal control system and the management of risk half yearly after receiving reports from the Company Secretary on these matters, and makes appropriate recommendations to the board.

The Board receives a letter half yearly from the Company's external accountants and custodian (The Myer Family Company) regarding their procedures, and reporting whether the financial records have been properly maintained and the financial statements comply with the Accounting Standards. The Company receives a copy of the Independent Audit Report to the Management of The Myer Family Company Ltd in relation to the control procedures of their portfolio administration operations.

The Board receives a report half yearly from the auditors on matters arising from their audit procedures.

The Company Secretary, based on his review of the internal control systems, management of risk, the financial statements and the letter from the Company's external accountants, provides half yearly the declarations required by Section 295A of the Corporations Act and confirms that in his opinion the financial statements and accompanying notes comply with the Accounting Standards and give a true and fair view.

The Company does have direct material exposure to economic, environmental and social sustainability risk through its diversified portfolio of investments and through its borrowings. Details of the Company's financial risk management are set out in the notes to the financial statements in the Annual Report.

10. Ethical Conduct

The Company has no executives or executive directors other than the Company Secretary. Each director and the Company Secretary is expected to adopt high ethical standards in acting for the Company and in the interests of the shareholders. Directors are required to disclose potential conflicts of interest and to refrain from involvement in Board decisions, or leave the room, during discussion of a conflicted matter.

By approval of the Board
18 July 2017

The directors of Australian United Investment Company Limited present their Directors' Report together with the financial report for the year ended 30 June 2017 and the auditor's report thereon.

Mr Hancock is also the Company Secretary of Diversified United Investment Ltd (since 1991), has served as Chairman and is currently Secretary of the Australian Listed Investment Companies Association and is Chairman or a director of a number of private investment companies.

Operating and Financial Review

The principal activity of the Company is that of an investment company which seeks, through a portfolio of securities predominantly comprising shares of companies listed on the ASX, to provide income and capital appreciation over the longer term. There has been no significant change in the nature of the Company's activities during the financial year.

For the year ended 30 June 2017 the profit after income tax was \$44,086,600 compared to \$42,209,639 in the previous year – an increase of 4.5%. Special dividends received during the 2017 year were \$435,000 (2016: \$163,700). Excluding special dividends received, operating profit increased 3.8%.

The weighted average number of ordinary shares for the year was 123,557,412 compared to 120,054,058 in the previous year, an increase of 2.9%.

The earnings per share was 35.3 cents per share excluding special dividends received (2016: 35.0 cents) or was 35.7 cents per share including special dividends (2016: 35.2 cents). The Company incurred expenses (excluding finance costs) of \$1,110,018 (2016: \$1,099,643) which is equivalent to 0.10% (2016: 0.10%) of the average market value of the portfolio. Including the management fees of the Small Cap managed funds in which the Company invested this year, the expense ratio was 0.10%.

Bank borrowings were \$130 million at the end of the financial year (previous year \$122 million) gearing the investment portfolio by 10.9%. Cash on hand, cash deposits and net short term receivables were \$53 million or 4.5% of the investment portfolio at market values (2016: \$27 million, 2.5%). Annual interest expense was covered 10.1 times by investment revenue (2016: 9.8 times).

As at 30 June 2017 the Company's portfolio had a market value (including cash and net receivables) of \$1,191,370,451 (2016: \$1,055,716,399). A list of the Company's top 25 investments is set out in note 23 to the financial statements. The net tangible asset backing of the Company's ordinary shares at 30 June 2017 was \$8.57 (2016: \$7.57). This net tangible asset backing calculation is based on investments at market value and is after tax on net realised gains, before any future tax benefit of net realised losses, before estimated tax on net unrealised gains and losses, and before the Company's final dividend. The Company is a long term investor and does not intend disposing of its portfolio. However if estimated tax on net unrealised portfolio gains were to be deducted, the net tangible asset backing would be \$7.46 (2016: \$6.76).

During the year the accumulation performance of the Company's net asset backing (before provision for tax on unrealised gains) was an increase of 18.0%, compared to the S&P/ASX 200 Accumulation Index increase of 14.1%

Dividends declared by the Company for the 2017 financial year total 34.0 cents per share fully franked (2016: 34.0 cents per share fully franked).

It is the Directors' intention to continue to invest in a portfolio of listed securities for long term capital gain and current income. The risks to which the Company is exposed are set out in notes 18 and 19 to the Financial Statements.

The Nomination and Remuneration Committee reviews and makes recommendations to the board on remuneration packages and policies applicable to the Company Secretary and directors of the Company, including superannuation entitlements, retirement and termination entitlements, and professional indemnity and liability insurance policies. Other than the Company Secretary, the Company has no executives or executive directors.

Remuneration levels are competitively set to attract and retain appropriately qualified and experienced directors. The Nomination and Remuneration Committee may seek independent advice on the appropriateness of remuneration packages, given trends in comparative companies and in light of Company activity and changing responsibilities. The remuneration structures are designed to attract suitably qualified candidates, and for the broader outcome of increasing the Company's net profit. Directors' fees are fixed and reviewed annually and the maximum total of directors' fees is set by the shareholders in general meeting.

Directors' fees are fixed and not conditional on the Company's performance. However, consideration of the Company's performance and benefits for shareholder wealth in respect of the current financial year and the previous four financial years include:

	2017	2016	2015	2014	2013

Each director has entered into a Deed of Access, Indemnity and Insurance with the Company and is covered by the Company's Directors and Officers Liability Insurance. Refer to Note 15 of the financial statements for information relating to the insurance. No director has entered into a material contract with the Company since the end of the previous financial year and there were no other material contracts involving directors' interests existing at year end.

The Company Secretary, Mr Andrew J Hancock, received \$120,000 (2016: \$102,750) for services provided to the Company.

Non-audit services

During the year KPMG, the Company's auditor, has provided taxation services in addition to their statutory duties. They received fees of \$9,866 for these services including GST.

The board has considered the non-audit services provided during the year by the auditor and in accordance with written advice provided by resolution of the audit committee, is satisfied that the provision of those non-audit services is compatible with, and did not compromise, the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- all non-audit services were subject to the corporate governance procedures adopted by the Company and have been reviewed by the Audit and Risk Management Committee to ensure they do not affect the integrity and objectivity of the auditor; and
- the non-audit services provided do not undermine the general principles relating to auditor independence as set out in Professional Statement F1 Professional Independence, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company, acting as an advocate for the Company or jointly sharing risks and rewards.

State of Affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Company that occurred during the financial year under review.

Environmental Regulation

The Company's operations are not subject to any significant environmental regulations under either Commonwealth or State legislation.

Events Subsequent to Balance Date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature, likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial years.

Likely Developments

The directors do not anticipate any particular developments in the operations of the Company which will affect the results of future financial years other than the value of the investment portfolio is expected to fluctuate broadly in line with market movements.

Indemnification

Details of directors' indemnification are set out in Note 15 to the financial statements.

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

The lead auditor's independence declaration is set out on page 14 and forms part of the Directors' Report for the year ended 30 June 2017.

1. Statement of Significant Accounting Policies

Australian United Investment Company Limited (the 'Company') is a for-profit company domiciled in Australia.

The financial report was authorised for issue by the directors on 16 August 2017.

(a) Statement of compliance

This financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards (AASBs) (including Australian Interpretations) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial report of the Company complies with International Financial Reporting Standards (IFRSs) and interpretations adopted by the International Accounting Standards Board (IASB).

(b) Basis of preparation

The financial report is presented in Australian dollars. The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

The Company has early adopted AASB 9 Financial Instruments with initial application from 7 December 2009 (being the earliest available date of application). The Company has not applied any other Australian Accounting Standards that have been issued as at balance date but are not yet operative for the year ended 30 June 2017 ("the inoperative standards"). The effect of inoperative standards has been assessed and the effect has been identified as not being material.

The financial report is prepared on a historical cost basis except that the investment portfolio is stated at its fair value.

The preparation of financial statements requires management to make judgements, estimates and assumptions that effect the application of accounting policies and reported amounts of assets, liabilities, income and expenses.

(c) Investments

The Company is a long term investor. Under Australian Accounting Standards, the Company has elected to classify equity investments at fair value through other comprehensive income, as they are not held for trading. After initial recognition at fair value (being cost), investments are measured at fair value.

Unrealised gains or losses on equity investments are recognised as a separate component of equity in the Asset Revaluation Reserve until the investment is sold, collected or otherwise disposed of, at which time the cumulative gain or loss is transferred to the Asset Realisation Reserve.

The Company derecognises an investment when it is sold or it transfers the investment and the transfer qualifies for derecognition in accordance with AASB 9. Upon derecognition, unrealised gains/losses net of tax relating to the investment are transferred from the Revaluation Reserve to the Realisation Reserve.

Interest bearing investments are recognised at fair value and then measured at amortised cost. Amortised cost is calculated with any difference between cost and redemption value being recognised in the income statement over the period of the investment on an effective interest basis.

(d) Revenue from investment portfolio

The activity of the Company is that of an investment company, returns being in the form of dividends, interest, trust income and option premiums. Dividend income is recognised in the income statement at ex-dividend date and all other income is recognised on an accruals basis. Special dividends are those dividends received which have been designated as special and non-recurring by the declaring company.

1. Statement of significant accounting policies (cont.)

(e) Taxation

The income tax expense or revenue for the period is the tax payable or receivable on the current period's taxable income based on the company tax rate adjusted by changes in deferred tax assets and liabilities which arise from items being brought to account in different periods for income tax and accounting purposes.

The expected tax on disposal of equity securities in the investment portfolio is recognised directly in the Asset Revaluation Reserve and as a deferred tax liability. Where the Company disposes of such securities, tax is calculated on gains made according to the particular parcels allocated to the sale for tax purposes and offset against any capital losses carried forward. At this time, the tax recognised directly in the Revaluation Reserve is transferred to the Realisation Reserve. The associated deferred tax liability is similarly adjusted and transferred to current tax payable.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(f) Interest bearing borrowings

Interest bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowing on an effective interest basis.

(g) Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

2. Revenue and Expenses

	2017 cents	2016 cents
Basic and diluted earnings per share	35.7	35.2
Earnings per share excluding special dividends received (refer Note 1(d))	35.3	35.0

There are no factors which cause diluted earnings per share to be different from basic earnings per share.

The earnings per share for the year is calculated on a weighted average adjusted number of ordinary shares of 123,557,412 (2016: 120,054,058, taking into account the bonus element in the 1:8 renounceable rights issue in November 2015). The weighted average adjusted number of ordinary shares takes into account the shares issued in the dividend re-investment plan.

6. Dividends

	2017 \$	2016 \$
Dividends recognised in the current year by the Company are:		
(i) 2016 final dividend of 18.5 cents per share (2016: 18.5 cents) fully franked paid 23 September 2016	22,823,692	20,234,128
(ii) 2017 interim dividend of 15.5 cents per share (2016: 15.5 cents) fully franked paid 15 March 2017	19,150,971	16,978,022
	41,974,663	37,212,150

Since 30 June 2017, the directors have declared the following dividend payable on 22 September 2017:

Final dividend of 18.5 cents per share fully franked (2016: 18.5 cents)	22,884,991	22,824,284
---	------------	------------

The final dividend will not contain a Listed Investment Company (LIC) capital gain dividend (2016: nil).

The financial effect of this dividend has not been brought to account in the financial statements for the year ended 30 June 2017.

6. Dividends (cont.)

Dividend Franking Account:

The balance of the Franking Account at 30 June 2017 is \$42,080,133 (2016: \$43,046,502) after adjusting for:

- (a) franking credits that will arise from any current income tax liability;
- (b) franking credits that will arise from the receipt of dividends recognised as receivables at year-end.

After allowing for the final 2017 dividend, which is not provided for in the 30 June financial statements, the balance of the franking account would be \$32,272,280 (2016: \$33,264,666). The ability to utilise the franking credits is dependent upon the ability of the Company to declare dividends.

Listed Investment Company (LIC) Capital Gain Account:

The balance of the LIC Capital Gain Account at 30 June 2017 was \$372,101 (2016: \$372,101). When distributed, LIC capital gains may entitle certain shareholders to a special deduction in their taxation return, as set out in the relevant dividend statement.

(2) In respect of the one for eight renounceable rights issue on 13 November 2015, 13,692,944 shares were issued at \$6.50 each under the ASX security code AUIN.

13. Capital and Reserves (cont.)

(b) Nature and Purpose of Reserves

Revaluation Reserve

Increments or decrements on the revaluation of long term equity investments after provision for deferred tax are recorded in this reserve. When an investment has been sold or de-recognised, realised gains or losses (after tax) are transferred from the Revaluation Reserve to the Realisation Reserve.

Realisation Reserve

The Realisation Reserve records realised gains and losses (after tax) from the sale of investments in equities which are transferred from the Revaluation Reserve.

14. Directors' Remuneration

The total director's remuneration for the year is \$412,500 (2016: \$412,500). Details of the directors' remuneration are set out in the Remuneration Report that forms part of the Directors' Report.

15. Related Parties

Directors and Director-Related Entities

The names of each person holding the position of director of Australian United Investment Company Limited during the financial year are C B Goode (Chairman), P J Wetherall, J S Craig and F S Grimwade.

The Company has indemnified each current director and the company secretary against all liabilities to another person (other than the Company or a related body corporate) that may arise from their position with the Company except where the liability arises out of conduct involving a lack of good faith. The agreements stipulate that the Company will meet the full amount of any such liabilities, including costs and expenses.

The Company has paid insurance premiums in respect of directors' and officers' liability and legal expenses insurance contracts, for current and former directors and officers, insuring them against liabilities, costs and expenses arising out of conduct which does not involve a wilful breach of duty. This insurance premium covers the period 18 June 2017 to 17 June 2018.

Directors' Holdings of Shares

The relevant interests of directors and their director related entities in shares of the Company as at year end are set out below:

17. Capital Management

The Company's objective in managing capital is to continue to provide shareholders with dividends and capital appreciation over the longer term.

The Company's assets will fluctuate in accordance with prevailing market movements, and it may adjust the amount of dividends paid, issue new shares or sell assets to reduce debt.

The Company is not subject to any externally imposed capital requirements.

18. Financial Risk Management

AASB 7 – *Financial Instruments: Disclosures* identifies three types of risk associated with financial instruments (i.e. investments, receivables, payables and borrowings).

The Company has exposure to the following risks from its use of financial instruments:

- credit risk;
- liquidity risk; and
- market risk.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework, and receives advice from the Audit and Risk Management Committee.

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The credit risk exposure of the Company lies principally in its cash and receivables to the extent of their carrying values and any accrued unpaid interest. Refer Notes 7 and 16.

Cash

The Company invests in cash management units with the MF Cash Management Fund and cash deposits with Australian banks, with a direct or underlying AA- credit rating assigned by Standard & Poor's, being a Recognised Rating Agency.

Receivables

Receivables are non-interest bearing and represent dividends, proceeds of sales and distributions yet to be received. The credit risk exposure of the Company in relation to receivables is the carrying amount.

Given the nature of the counterparties with which the Company deals, management does not expect any counterparty to fail to meet its obligations. Additionally, none of these assets are overdue or considered to be impaired.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company's approach to managing liquidity is to ensure that it will always have sufficient liquidity to meet its liabilities as they fall due. The Company monitors its cash flow requirements and ensures that it has cash or access to sufficient borrowing facilities or liquid securities to meet all its financial obligations as they fall due.

Bank borrowings were \$130 million at the end of the financial year (previous year \$122 million) gearing the investment portfolio by 10.9% (previous year 11.6%). The Company has interest bearing loan facilities in place with the National Australia Bank which include both fixed and floating rate components. These facilities expire on various intervals through to 2 July 2022, unless renewed. Annual interest expense during the year was covered 10.1 times by investment revenue (previous year 9.8 times).

The major cash inflows for the Company include dividends, distributions and sales proceeds received. The major cash outflows are the purchase of securities, interest expense and dividends paid to shareholders, which are able to be managed by the Company. The Company's investments are quoted on a prescribed stock exchange and are able to be realised if required.

18. Financial Risk Management (cont.)

Market Risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income and the value of its holdings of financial instruments.

Inherently, the Company is not free of market risk as it invests in securities whose market prices can fluctuate.

Based on a tax rate of 30% (2016: 30%), a general movement in market prices of 5% and 10% would lead to a change in the Company's equity of \$39,834,235, or 4.3% (2016: \$36,011,915, or 4.3%) and \$79,668,469, or 8.6% (2016: \$72,023,831, or 8.6%) respectively, after tax.

Market risk is managed by ensuring that the Company's investment portfolio is not overly exposed to one Company or one particular sector. The relative weightings of the individual securities and the relevant market sectors are reviewed by the Board at each Director's meeting.

The Company also has exposure to interest rate risk on its borrowings as detailed in Note 19, which is minimised through conservative levels of gearing and ensuring that there is appropriate interest cover at all times.

All of the Company's investments are quoted in Australian dollars therefore avoiding any direct exposure to currency risk. Nevertheless, a number of the underlying Company's businesses may have currency risk exposures.

19. Financial Instruments Disclosure

Interest Rate Risk

The Company's exposure to interest rate risk as at 30 June 2017 and the effective weighted average interest rate for classes of financial assets which bear interest is set out below.

	Note	Floating Interest Rate \$

\$20,000,000 ⁽²⁾	2 July 2022	Fixed 3.940%

Notes:

1 Interest rate includes bank margins and fees.

2 During the year ended 30 June 2017, an additional \$8 million borrowings were drawn.

Based on a tax rate of 30%, a change of 1% in floating interest rates at the reporting date would lead to a change in the Company's profit of \$140,000 (or 0.32%) and a change in the Company's equity of \$140,000 (or 0.02%).

The Company has pledged as collateral for the secured borrowing facilities, the following equity investments:

Net Fair Values of Financial Assets and Liabilities

Valuation Approach

Net fair values of financial assets and liabilities are determined by the Company on the following basis:

Recognised Financial Instruments

Listed securities included in "Investments" are readily traded on organised markets in a standardised form. The net fair value of listed securities is determined by valuing them at the last quoted market price as at balance date. In accordance with Australian Accounting Standards, this is considered "level 1" under the fair value measurement hierarchy, which is defined as quoted prices (unadjusted) in active markets for identical assets or liabilities. The net fair value of investments is set out in notes 8 and 23.

For all other financial assets and liabilities, the carrying amount closely approximates its fair value.

20. Contingent Liabilities and Capital Commitments

There were no contingent liabilities or capital commitments as at 30 June 2017.

21. Segment Reporting

The Company operates as an investment company in Australia.

22. Events Subsequent to Balance Date

There has not arisen in the interval between the end of the year and the date of this report any item, transaction or event of a material and unusual nature, likely, in the opinion of the directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company, in future financial periods.

23. Holdings of Securities as at 30 June 2017

The following is a list of the Company's top 25 investments as at 30 June 2017, which represent 80% of the total investment portfolio (2016: 83%). All investments are valued at fair value through Other Comprehensive Income.

Directors' Declaration

1. In the opinion of the directors of Australian United Investment Company Limited ("the Company"):
 - (a) The financial statements and notes set out on pages 15 to 31, and the remuneration disclosures that are contained in the Remuneration Report on page 12 of the Directors' Report, are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the financial position of the Company as at 30 June 2017 and of its performance, as represented by the results of its operations and its cash flows, for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001;
 - (b) The financial report also complies with International Financial Reporting Standards;
 - (c) There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
2. The directors have been given the declarations required by Section 295A of the Corporations Act 2001 for the financial year ended 30 June 2017.

Signed in accordance with a resolution of the directors.

Charles Goode

Dated at Melbourne this 16th day of August 2017.

Independent Auditor's Report

To the shareholders of Australian United Investment Company Limited

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Australian United Investment Company Limited (the Company).

In our opinion, the accompanying Financial Report of the Company is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Company's financial position as at 30 June 2017 and of its financial performance for the period ended on that date; and

- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Balance sheet as at 30 June 2017
- Statement of profit or loss and other comprehensive income, Statement of changes in equity, and Statement of cash flows for the year then ended
- Notes including a summary of significant accounting policies
- Directors' Declaration.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Company in accordance with *the Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

The **Key Audit Matters** we identified are:

- Valuation and existence of the investment portfolio
- Completeness of the deferred tax liability

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

These matters were addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation and existence of investment portfolio (\$1,138,120,986)

Refer to Note 8 – Investments

The key audit matter	How the matter was addressed in our audit
<p>The Company's investment portfolio is \$1,138,120,986 which constitutes 94% of the Company's total assets as at 30 June 2017 and is considered to be one of the key drivers of operations and performance results.</p> <p>We do not consider the fair value of the investment portfolio to be judgemental in nature as it is comprised of equity securities listed on the ASX and some unlisted unit funds. However, due to the size of the investment portfolio, valuation and existence is considered a key audit matter. It is an area which had the greatest effect on our overall audit strategy and allocation of time and resources in planning and completing our audit.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> • Documenting and assessing the processes in place to buy and sell equities in the portfolio, including the process to value the portfolio; • Agreeing the valuation for the entire investment portfolio to externally quoted prices; • Checking the number of shares or units in each equity investment for the entire investment portfolio to electronic share registry records; and • Performing a recalculation of the market value of investments based on the last quoted market price.

Completeness of Deferred tax liability (\$147,487,480)	
Refer to Note 4 – Taxation	
The key audit matter	How the matter was addressed in our audit
<p>The Company's deferred tax liability is \$147,487,480 which constitutes 52% of the Company's total liabilities as at 30 June 2017.</p> <p>The deferred tax liability relates to the expected tax on disposal of equity securities in the investment portfolio and is recognised in equity and as a deferred tax liability. The deferred tax liability is determined as the difference between the carrying amount of the investment portfolio as per the financial statements and the tax base recorded.</p> <p>The Company's deferred tax assets are set off against the deferred tax liability arising on the unrealised gains on the equity investment portfolio in the Balance Sheet.</p> <p>The completeness of the deferred tax liability is a key audit matter given it represents a significant portion of the total liabilities of the Company and involved the use of senior audit team members, including tax specialists.</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> • Engaging KPMG tax specialists to review and assess the reasonableness of the deferred tax liability; • Performing a proof of the deferred tax liability by reconciling the opening and closing deferred tax balances; • Recalculating the deferred tax liability, including checking the valuation and accuracy of the market value of the investment portfolio and checking the tax base to the Company's investment register; • Recalculating the closing tax cost base by adding the total purchases and sales for the year, stated at their tax cost base, to the opening balance of the equity portfolio and reconciling this to the Company's portfolio valuation report; and • Assessing whether the tax effects of significant events identified during the audit, such as fair value or tax base adjustments, have been appropriately identified, calculated and recorded, as applicable.

Other Information

Other Information is financial and non-financial information in Australian United Investment Company Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error
- assessing the Company's ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: http://www.auasb.gov.au/auditors_files/ar1.pdf. This description forms part of our Auditor's Report.

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Australian United Investment Company Limited for the ended 30 June 2017, complies with *Section 300A of the Corporations Act 2001*.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A of the Corporations Act 2001*.

Our responsibilities

We have audited the Remuneration Report included on page 12 of the Directors' report for the year ended 30 June 2017.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with *Australian Auditing Standards*.
