

Continent Cookies

Follow the directions and use the templates below to make your own continent cookies.

INSTRUCTIONS

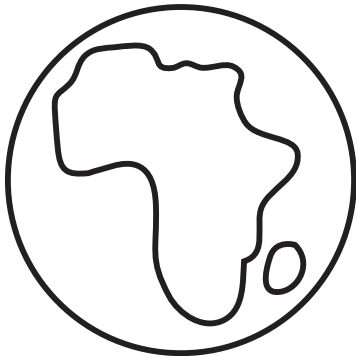

- 1 Using your favorite sugar cookie recipe, prepare the dough in a bowl.
- 2 Separate $\frac{1}{3}$ of the dough into another bowl. Add 6 drops of green food coloring to the smaller amount of dough and mix it in thoroughly.
- 3 Add 6 drops of blue food coloring to the larger section of dough and mix thoroughly.

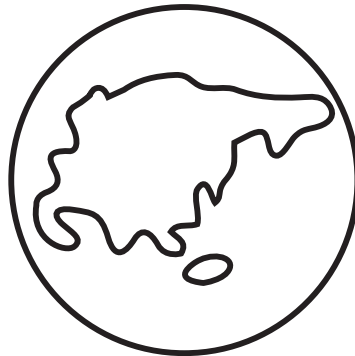

- 4 Take about 1 tablespoon of the blue dough and flatten it into a disk 2 inches wide and $\frac{1}{4}$ inch thick. Use the green dough to make a continent shape on top of the blue disk. Use the images below as guides.
- 5 Bake the cookies according to your dough recipe's instructions.
- 6 Take a photo of your cookies. Ask an adult to share it online and tag us with **#littlepassports**. You might be featured in our online gallery!

Note: Since cookie dough spreads when it bakes, your cookies may not look exactly like the continents, but they will still be delicious!
