

2020 Spring Club Tryout Procedures

Thanks for Attending our 2020 Spring Club Tryout sessions! Please contact us via email with any questions following today's session!

Following today's session- players will be contacted and either:

1.) Placed onto a team. Players chosen for teams will receive a personalized email from our program administrators. The email will include costs/commitment level associated with the spring club program. Players chosen for teams will have 48 hours to accept or decline their spot onto a roster. If we do not hear anything then the player will lose his/her spot and need to attend additional tryout sessions to be eligible for team placement.

2.) Asked to come back for Further Evaluation: The majority of players following their initial tryout will be asked to return for an additional tryout session. Following two tryout sessions, players will typically be placed onto a team or be placed onto our waiting list.

3.) Not placed onto team: Unfortunately due to the nature of our program being at an Elite level we are a "cut program" at all grade levels. If anyone does not make a team then will make sure to provide honest feedback to the player and also can recommend other programs that may have openings for the Spring season.
