SECTION 1 - FIRST DOWNS

Article 1. First down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is not recorded on a touch-down runback, regardless of the distance of the scoring run.

SECTION 2 - RUSHING

Article 1. All offensive rushing plays are to be classified as rushing plays, not as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

Article 2. Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

Article 3. The rushing total is a net figure. All rushing losses must be recorded as so against the net figure.

Article 4. All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

SECTION 3 - FORWARD PASSING

Article 1. Forward passing gains, as losses, are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running offense after completion. All yards gained or lost on each completed pass play are credited to both the passer and the receiver.

Article 2. Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing.

Article 3. Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a loss by rushing. He is not a passer until he has thrown the ball, and he retains at all times the option of rushing.

Article 4. Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

Article 5. There is no pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team.

Article 6. The passer is not charged with a pass caught by the intended receiver (or the passer completed or yards gained, nor is the intended receiver (or the receiver intercepted with) credited with a pass caught. This passing team

SECTION 4 - LATERAL PASSING

Article 1. A lateral pass is always a component part of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling - Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving.")

(Approved Ruling - Player A catches punt and returns 10 yards forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling - Player A catches punt and returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

Article 2. Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

Article 3. Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

Article 4. The official scorer rules on whether a completed pass to a fumble or non-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

SECTION 5 - TOTAL OFFENSE

Article 1. Total offense is the combined result of rushing and forward passing only, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

Article 2. Total offense yardage is the total of net gain by rushing and net gain by forward passing. "Receiving" yards gained are not included in total offense.

WIDE PASS: FROM CENTER

Article 1. Any loss resulting from an offense with pass from center is charged to the offense. Pass, 2, and not to any individual player.

Article 2. Any loss resulting from an offense with pass from center is charged to the offense. Pass, 2, and not to any individual player.

Article 3. Any loss resulting from an offense with pass from center is charged to the offense. Pass, 2, and not to any individual player.

Article 4. Any loss resulting from an offense with pass from center is charged to the offense. Pass, 2, and not to any individual player.

Article 5. Any loss resulting from an offense with pass from center is charged to the offense. Pass, 2, and not to any individual player.

credited to the receiver. Thus, "minus yards" should NOT be recorded under "punt returns."

Article 2. When a punt goes over the goal line (a touchback), distance of the punt is measured from the line of scrimmage to the 20-yard line only, since this is the limit of the punt's value to the kicking team.

Article 3. If a receiver touches a punt and the ball continues forward its goal line, the punt is measured to the point of recovery. If a player catches, as defined above, the receiver snuffs a punt and the ball continues backward toward the kicker's goal, the punt is measured to the point of the snuff (the point of ultimate catch), and the receiver is credited with a punt return and with the yards from the point of the snuff to the point of recovery, regardless of which team recovers.

Article 4. A blocked punt is recorded as a "return" entry, and not charged against the individual kicker. Thus, in the case of a blocked punt which does not pass, the line of scrimmage, and/or the word "return" in lieu of kicker's name, and charge the punt for NO yards, so the blocked punt is included under "Times Kicked" in team totals.

Section 10 — POINTS AFTER TOUCHDOWN

Article 1. A player attempting a try-for-point-after-touchdown by kicking is not charged with an attempt when a bad pass from center or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team," rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt is charged to the individual kicker, regardless of the success or failure of the effort.

Article 2. The try-for-point-after-touchdown is made while team is out and is not recorded as a play from scrimmage (rush, pass or kick). When a try-for-point-after-touchdown is by forward passing, the passer is charged (under SCORING) with the attempt, whether successful or not. If successful, the receiver is credited under SCORING with the conversion and points scored, and the passer is credited with a conversion under FORWARD PASSING.

Article 3. A PAT attempt is recorded as a PAT attempt and is NOT

Article 1: Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns.

On any play terminated by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling. — On rushing play, ball carrier of team A fumbles at the line of scrimmage and the ball travels 5 yards toward team B, goal line, before it is recovered by team B. Player of team B, goal line.
