LSU QUOTES.....

—— We played good football in the first half but not in the second.....And
we have been a second half team all year long.....

They (Bama) made the big plays.....

Our ~~line~~ line play didn't hurt us as much ~~was~~ the corner....We held them inside...

Alabama just ran the outside game well.....

—— I don't know how I could have asked Bert Jones to play any better than he did....

He play well....And he threw well

—— You know it is reallys funny thing about interceptions butBert put the
ball right on the mark and it is tipped and intercepted and Bert gets the credit
for the interception.....

we didn't tackle well in the secondary.....

We made costly defensive plays....They took advantage of them.....

—— We played one-on-one on Wayne wheeler and sometimes we even doubles on him.....
if anything we may have over played him

Terry Davis (alabama) threw well inside and outside.....

—— Alabama this year as compared to last? I'd have to be a fool if I didn't say
it is a Hell of a lot better Alabama team this season.....

I question the catch on the one interception in front of our bench...That ball
can take fast bounces off the turf you know.....

Alabama just played a strong game....They played well.....
