# Dr. Michael V. Martin

Chancellor, LSU

Dr. Michael V. Martin was approved as the eighth chancellor of LSU by the Board of Supervisors on June 5, 2008. Dr. Martin, formerly the president of New Mexico State University, had served at NMSU since 2004.

In his time at NMSU he was praised for his reorganization of the university's athletic department and physical plant, as well as his fundraising prowess. A 1969 graduate of Mankato State College, Dr. Martin received a Ph.D. in applied economics from the University of Minnesota in 1977 and has since worked in both academic and administrative capacities at universities such as Minnesota, Oregon State University and the University of Florida.

An agricultural economist, Dr. Martin is considered an expert on land-grant universities.

Dr. Martin became president of New Mexico State University on July 1, 2004. An academic leader dedicated to the land-grant mission of teaching, research and extension service, he was awarded the 2008 Distinguished Leadership Award by Leadership New Mexico. Dr. Martin was recognized as a strong voice for education and the agriculture industry in New Mexico. The Leadership New Mexico Distinguished Leadership Award recognizes an individual who has used his/her leadership abilities to improve the quality of life for New Mexico citizens and future generations.

Dr. Martin also was named the recipient of the Justin Smith Morrill Memorial Award in 2007. This national award, named after the author of the bill creating land-grant universities, honors and recognizes outstanding service on behalf of the land-grant mission. Only six individuals have been designated to receive this award since it was first given in 1980.

Dr. Martin established at NMSU the One University concept and called for a five-year plan titled "Living the Vision" to take the university to "the next level." He laid the groundwork for university wide extension and created the J. Paul Taylor Social Justice Symposium.

During his tenure at NMSU, the first capital campaign was established with a goal of raising \$150 million by 2010. The campaign met its goal in the first half of the seven-year fundraising plan. Dr. Martin also oversaw the establishment of a system of research clusters that revolve around five areas in which NMSU scientists and researchers have expertise: 21st century aerospace, information sciences, bioscience, southwest border issues, and natural resources.

Dr. Martin was a recognized leader in New Mexico, being named a powerbroker by the New Mexico Business Weekly in 2006. He continues to be active as a scholar and has written numerous book chapters and articles for academic journals, trade publications and the popular press. He recently has published pieces for The Chronicle of Higher Education and University Business. Named the Outstanding Alumnus of Minnesota State University Mankato in 2006, Dr. Martin

also received the NMSU Social Justice Award in 2005.

Before arriving at NMSU, he served for six years as vice president for agriculture and natural resources at the University of Florida, leading the university's Institute of Food and Agricultural Sciences with more than 3,000 employees statewide. He was elevated to senior vice president of the University of Florida shortly before being selected as NMSU's president.

Previously, he was vice president for agricultural policy and the dean of the College of Agricultural, Food and Environmental Sciences at the University of Minnesota. He began his academic career at Oregon State University as a faculty member in the Department of Agricultural and Resource Economics.

A native of Crosby, Minn., Dr. Martin completed a bachelor's degree in business and economics and a master's degree in economics at Mankato State College (Minnesota State University) in Minnesota. He received his Ph.D. in applied economics from the University of Minnesota in 1977. His areas of specialization are marketing, prices, international trade, public policy, transportation and business logistics.

Some of his philosophy is summed up in the following quote: "It is the tradition of land-grant universities to be non-traditional," written as part of a 2001 article titled "The Land-Grant University in the 21st Century," published in the Journal of Agricultural and Applied Economics. He traced the history of the land-grant movement from the mid-1800s and concluded that "the fundamental land-grant principles of accessibility, practical as well as classical education, research and discovery in the public interest, and connectedness to all the people remain powerful and profound."

He has been active in professional and community service organizations, including the Farm Foundation's Bennett Agricultural Round Table, the National Agricultural Biotechnology Council and the Florida Agricultural Resource Mobilization Foundation. He is a member of the American Economic Association, the American Agricultural Economics Association, the International Association of Agricultural Economics, the International Agricultural Trade Research Consortium, the Sigma XI Scientific Research Society and the Economic History Association.

Dr. Martin and his wife Jan have two children, both adopted from South Korea. Amanda, a graduate of the University of Wisconsin-Eau Claire, is a graphic artist in Saint Paul, Minn. Sam, with a bachelor's degree from the University of Minnesota and a master's from Sarah Lawrence College, is a genetics counselor at Beth Israel Hospital in New York City.

## Dydia DeLyser

Faculty Athletics Representative

Dydia DeLyser, an associate professor in the Department of Geography and Anthropology, serves in her second year as LSU's Faculty Athletics Representative.

DeLyser, a native of Santa Monica, Calif., earned her bachelor's degree in 1992 from UCLA, and her master's and doctoral degrees from Syracuse University (in 1996 and 1998).

DeLyser arrived at LSU in August 1998 as an Instructor before becoming an assistant professor one year later. She was promoted to associate professor with tenure in August 2005.

DeLyser is a cultural-historical geographer. Her research has been both ethnographic and historical, and most of it questions how different built landscapes can help make the past meaningful in the present.

Much of her published research has focused on two different studies. One was a many-year ethnographic study of a ghost town in California (Bodie State Historic Park) where she examined how images and ideas about the American mythic West became meaningful

to the tourists who visited the town. The second was an historical study that examined a 19th century novel (Ramona) and how it changed the way people understood (and still understand) southern California's past.

Her current research concerns early women aviators and how they used their practices of flying to advance feminism in the post-suffrage era.

DeLyser teaches graduate courses in cultural geography, qualitative research, and academic and professional writing. She has also taught undergraduate courses in cultural, and urban geography, and an introductory world-regional geography course.

DeLyser is a first-generation American -- her parents were Dutch immigrants and English is her second language. She also has language abilities in Russian and Spanish.

DeLyser's hobbies include driving/riding antique cars and motorcycles. She is also a licensed pilot and co-owns a Citabria, which is a two-place aerobatic airplane.

## Joe Alleva

LSU Director of Athletics

Joe Alleva officially became the Director of Athletics at LSU on July 1, 2008, after spending the last ten years in the same position at the prestigious Duke University. Under Alleva's direction, the Duke athletic department experienced unprecedented growth and success.

"Joe Alleva brings a wealth of experience and accomplishment to LSU," said President John Lombardi. "I'm confident we've found a new leader for LSU athletics who exemplifies the vision and integrity needed to lead our sports programs to new heights, a champion of student athletes who believes in the highest standards of competition both on the field and in the classroom."

At LSU, Alleva is responsible for the administration and direction of the Tiger athletic program, which has a current annual budget of approximately \$70 million, includes 20 teams and more than 400 student-athletes.

At Duke, Alleva oversaw more than 190 staff members, a \$50 million budget, 26 sports and over 600 student-athletes. Duke athletics flourished under Alleva's direction.

Alleva, 55, has built his professional career on service to student-athletes and the commitment to individual development in athletics, academics and community service. Alleva is well-respected for sustaining high standards of excellence and integrity in the athletics program, the quality of coaches he has hired, and the high level of success that was achieved across athletic programs at Duke under his leadership.

Alleva's tenure as AD at Duke propelled the university into the ranks of America's top all-around collegiate programs. The Blue Devils consistently finished high in the annual Directors' Cup standings, ranking as high as fifth in 2005. Prior to 1998-99, Alleva's first full year as director of athletics, Duke had never placed higher than 21st in the Directors' Cup standings. Since then, Duke has enjoyed seven top 20 finishes, including five in succession (2004-08).

In the 2006 National Collegiate Scouting Association Power Rankings, that combine a school's Directors' Cup finish, its athletic graduation rates and its academic ranking in U.S. News and World Report, Duke was the top-ranked Division I school in the nation. Duke also finished first in this listing in 2005 and second in 2004.

Alleva's outstanding list of accomplishments includes Duke winning more ACC and NCAA championships than in any other 10-year period in school history. Six Duke teams won national championships under Alleva's leadership and 46 Blue Devil teams recorded ACC championships, the second-highest total among ACC schools since 1997-98.

Under Alleva's commitment to education, Duke's graduation rates continued to rank among the best in the nation. Duke regularly led the ACC in Academic Honor Roll honorees as Alleva increased the financial commitment to academic support by ten-fold during his tenure as AD.

While continuing to excel in competition and in the classroom, Alleva instituted a number of innovative community service programs for Duke student-athletes to benefit the community. Duke student-athletes regularly volunteered nearly 3,000 hours in community outreach.

Fundraising under Alleva's guidance reached extensive heights during his career at Duke. Alleva and his fundraising team generated more than \$173 million in gifts and funded more than \$85 million in new facilities or renovations. Annual giving to the Iron Dukes increased 50 percent since the year 2000.

New facilities built under Alleva's supervision include the Michael W. Krzyzewski Center Dedicated to Athletic and Academic Excellence, Yoh Football Center, Sheffield Tennis Center, Schwartz-Butters Athletic Center, Ambler Tennis Stadium, Karcher-Ingram Golf Center, Rod Myers Teaching Center, the

Skandalaris Fieldhouse at Koskinen Stadium and the fieldhouse at Williams Field. Facility upgrades were made to Cameron Indoor Stadium, Wallace Wade Stadium, Jack Coombs Stadium, Koskinen Stadium, Williams Field, Murray Athletic Building, and Brooks Field at the football practice facility.

Alleva is active on the national collegiate athletics scene, having served on the Football Bowl Certification Committee. He sat on several Atlantic Coast Conference committees and served on the NCAA Division I Championships/Competition Cabinet.

Alleva majored in Finance at Lehigh University and received his bachelor's degree in 1975. While at Lehigh, Alleva was the quarterback of the football team and team captain in 1974. Alleva also played on the Lehigh baseball team. He served as a graduate assistant football coach and earned an MBA in 1976.

Alleva began his career at Duke working for the vice president of business and finance in 1976 and joined the Duke athletic department in 1980, as director of finance. He became the assistant director of athletics in 1986 and was soon promoted in 1987 to associate director, before his tenure as

# LSU ATHLETICS Championship TRADITION

2007-2008 ATHLETICS YEAR IN REVIEW

## The Nation's Elite Teams

### Football

The Tigers celebrated the 10th SEC Championship in school history and capped an amazing season with the program's third national title and second since 2003. LSU posted a 12-2 overall record and a 6-2 mark in SEC play. The Tigers tallied their fourth BCS bowl victory as LSU defeated Ohio State, 38-24, in the 2008 BCS National Championship Game.

### Women's Basketball

The Lady Tigers reached their fifth-straight NCAA Final Four with a 31-5 overall record after wins over Jackson State, Marist, Oklahoma State and North Carolina, in the NCAA Tournament. LSU claimed the SEC regular season title with an unblemished 14-0 mark, representing the second time in the last four seasons the Lady Tigers ran through the conference schedule unbeaten.

### Track and Field

The LSU women's track and field team claimed the 10th NCAA Outdoor Track and Field Championship in school history, and the Lady Tigers were NCAA runners-up during the indoor season. The LSU men's track and field team placed second at the NCAA Outdoor Championships. The Lady Tigers swept both the SEC Indoor and Outdoor titles, while the men's team captured league runner-up honors during both seasons.

### Baseball

The baseball team completed one of the most remarkable turnarounds in SEC history as the Tigers reached the College World Series for the 14th time. The Tigers, who once held a 6-11-1 record in SEC play, won the SEC Western Division, the SEC Tournament, the NCAA Baton Rouge Regional and the NCAA Baton Rouge Super Regional. The turnaround was sparked by an SEC-record 23 consecutive wins down the stretch.

### Gymnastics

The gymnastics team advanced to the NCAA Super Six for the first time in program history after the Tigers won the NCAA Central Regional. LSU finished fifth at the NCAA Championships. The fifth-place ranking marked the highest finish for a Tiger gymnastics team since 1988, which was prior to the establishment of the NCAA Super Six. LSU now has 24-consecutive postseason appearances.

## How The West Was Won

LSU became the first school to claim the SEC Western Division title in all three fall sports -- football, volleyball and soccer -- and the Tigers added another divisional championship in the spring with baseball. The volleyball team won its third-straight Western Division title with a 25-8 overall record, and the soccer team finished with a 12-5-7 overall mark to win the program's first division crown.
