You should keep in touch with local weather bureau and we also recommend that you evaluate the weather via www.weather.gov or www.weather.com. GENERAL INFORMATION (A-Z)

ADMINISTRATIVE MEETING

A meeting of the coaches of the competing teams, administrators, and members of the games committee will be held on **Thursday, May 29, 2014 at 4:00 PM in the LSU Team Room of Alex Box Stadium.**

Head coaches are required to attend this meeting and it is considered misconduct if they do not do so. Assistant coaches, an administrator and the sports information director are requested to be in attendance.

BALLS

Teams will furnish their own practice baseballs; however, each team will be furnished two warm-up baseballs before each game. The Rawlings RINCAA (with Extra Innings Technology) baseball, the official championship baseball, will be used in all NCAA tournament games.

BAT HANDLERS

Bat handlers must be 13 years of age or older to serve in this capacity at any NCAA regional, super regional and Men's College World Series competition. LSU will provide batgirls by request. Request for batgirls will be taken at the administrative meeting **Thursday, May 29 at 4:00 PM.**

BATTING CAGES

Practice Day:

Each team will have the option to use the batting cage for one-hour prior to the scheduled 75 minute practice on the stadium field.

Game-Day:

Batting cage practice will be scheduled according to team's timing sheets.

CONFERENCE CALL

A mandatory conference call for participating teams will be held **Monday, May 26, 2014 at 5:00 PM (CDT).** The call-in information is listed below.

Conference Call Number: 877-336-1831

Participant Pass Code: 3612715

DRUG TESTING

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events. Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition. Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please note that no student-athlete will be notified of or escorted to NCAA drug testing without the knowledge of an official, credentialed representative from that student-athlete's institution.

GENERAL INFORMATION (A-Z)

DUGOUTS AND HOME TEAM DETERMINATION

For first-round games during championship competition, the highest-seeded team shall be designated as the home team. In subsequent games, the home team shall be determined according to a formula applied by the games committee.

In determining which of two teams in any game will be the home team, the games committee or the NCAA game representative shall designate the home team using the following guidelines:

1. The institution that has been the home team the fewer number of times in that particular tournament.
2. If the two teams are equal in this respect but unequal in the number of times they were the visitor, then the team that has been the visitor more often will be designated the home team.
3. If the two teams are equal in the number of times that they have been home and visitor, the games committee or the NCAA game representative shall observe the following procedures in the order stated:
 - a. If the two teams have met previously in that particular tournament, the visitor in the previous game shall be the home team in the game in question
(Exception: In a two-team tournament where both teams have been the home team twice, the fifth game will be determined by a coin flip);
 - b. The team that was visitor in its preceding game shall be the home team, unless both teams were visitors in their preceding games; or
 - c. If the above procedures do not resolve the matter, the home team shall be determined by coin flip.

During the pre-championship meeting for the regional and super regional, the host institution must designate whether the first or third base dugout will be the home team dugout for the entire tournament.

LAUNDRY

Laundry service is available following all practices and games. A LSU representative will meet with you during practice times. Arrangements for this service must be made by calling Spencer Farley at 225-578-9245 or 225-326-7871 (cell). Laundry will be picked up and returned to teams at Alex Box Stadium. Please indicate your preference when making your arrangements

LOCKER ROOMS / CLUBHOUSE

Full locker rooms will not be provided. Teams are asked to not leave belongings in the facilities. Restrooms will be available behind the dugouts. Teams are asked to shower in their hotel rooms after each game. LSU will be allowed to use its clubhouse regardless of being designated as the home or visiting team. LSU will vacate the clubhouse two hours prior to the scheduled game time when designated as the visiting team.

MUSIC

1.) No warm-up tapes are permissible. Only band(s) and electronic scoreboard music will be used. The LSU Marketing Department will select and administer all music.

2.) **WALK-UP MUSIC** - The NCAA Division I Baseball Committee voted to eliminate introductory/"walk-up" music during all rounds of the NCAA Division I Baseball Championship. Such music has sometimes been played in the past before a hitter steps into the batter's box.

GROUND RULES

- All green padding on any of the walls is live. If a ball wedges off the ground into the vertical seams of the green padding, it will be a dead ball. Ball is live that appears wedged at the bottom of the outfield fence padding between the padding and the ground (warning track).
- The top step of the dugouts, as well as the top step of the camera wells, is considered live.
- Any ball that hits off the netting or railing in front of the dugouts is live as long as it remains in live ball area.
- Balls that are caught and carried into the dugout or camera well will remain live (pending book rule of body control). Players are permitted to throw from in the dugout or in the camera well.
- If the ball hits the facing of the roof of the dugout, or any of the yellow interior walls of the dugout, it is a dead ball.
- There will be a rectangular area painted on the warning track on both the first and third base side (on the outfield side of the camera wells) for still photographers. This area is used simply to quarantine the photographers. This will remain a live ball area. If the ball hits a photographer or the photographer's equipment, or if the ball remains in the rectangular area, the ball remains live.
- If the ball goes under the bullpen bench and remains under the bench, the ball is dead... unless the defensive player goes in to retrieve it. A ball that goes under the bench and comes out remains live.
- If the ball goes into the tube that has the tarp rolled on it, the ball is dead.... unless the player goes in to retrieve it.
- The yellow "home run" line on the outfield fence merely indicates the top of the fence. The ball must completely clear the yellow line and wall to be a home run or ground rule double.
- The silver colored chain link fencing behind the left field wall and in front of the left field bleachers is out of play. A ball that hits the chain linked fencing would be a home run or a ground rule double.
- The batter's eye in centerfield is out of play. A ball that hits the batter's eye would be a home run or a ground rule double.
- The flag poles in centerfield are out of play. A ball that hits the flagpoles would be a home run or a ground rule double.
- A player cannot use the tarp, or any other object that is in the field of play, to elevate himself.
- The backstop netting is live with no breaks.
