# INCLEMENT WEATHER

---

The primary goal is to play games according to the published schedule [two games Friday, two games on Saturday, two games on Sunday and one game on Monday (if necessary)]. You should keep in touch with local weather bureau and we also recommend that you evaluate the weather via [www.weather.gov](http://www.weather.gov) or [www.weather.com](http://www.weather.com). Lightning should be evaluated via the Weather Sentry Online system. Please use these weather-monitoring devices when trying to determine starting times after a delay.

As a general rule, no game should start later the 11 pm local time.

## Possible Scenarios

1. If both Friday games are cancelled... play two games on Saturday, three on Sunday and two on Monday. (0-2-3-2)
2. If one Friday game is cancelled... play three games Saturday, two games on Sunday, and one game on Monday (if necessary). (1-3-2-1)
3. If two games are played on Friday and both Saturday games are cancelled... play three games on Sunday and two games Monday. (2-0-3-2)
4. If two games are played on Friday and one Saturday game is cancelled... play two games Sunday and two games on Monday (2-1-2-2)
5. If two games are played on Friday, two games are played on Saturday and both games on Sunday are cancelled... play two games on Monday and one on Tuesday (if necessary). (2-2-0-2-)
6. If two games are played on Friday, two games are played on Saturday and one Sunday game is cancelled... play two games on Monday. (2-2-1-2)
7. If two games are played on Friday, two games are played on Saturday, two games are played on Sunday and you experience inclement weather on Monday... try to get the game in on Monday OR play as early as possible on Tuesday. (2-2-2-0-1)
8. If both games are cancelled on Friday and both games are cancelled on Saturday... play two games on Sunday, three games on Monday and two games on Tuesday. (0-0-2-3-2)

## LIGHTING

Lighting Requirements. Light levels in the primary playing area (PPA) should be brightly lit with uniform lighting throughout the area. Vertical light levels (illuminating the sides of the players) should be maximized without creating severe glare for student-athletes and spectators. The lighting should also provide adequate light levels in the bottom 10 to 15 rows of seats to allow camera operators exciting crowd shots. For lighting requirements, please refer to the NCAA best practices link below. The lighting should be evenly distributed on the PPA. The perimeter of the playing surface should have sufficient spill light into the spectator areas. One of the most important areas of proper lighting at televised sporting events is the smoothness of the lighting levels (this means there are no major jumps in lighting levels when the same camera pans the field). More information is available in Section Two of the NCAA Broadcasting Manual (<http://www.ncaa.org/wps/ncaa?ContentID=893>).

# FACILITIES & SERVICES

---

## LOCKER ROOMS

1.) Teams are encouraged to dress at their hotels. Full locker rooms will not be provided. Teams are asked to not leave belongings in the facilities. Restrooms will be available behind the dugouts. Teams are asked to shower in their hotel rooms after each game.

## LAUNDRY

Laundry service is available following all practices and games. A LSU representative will meet with you during practice times. Arrangements for this service must be made by calling George Branigan at 225-578-4336 or 225-268-9844. Laundry will be picked up and returned to teams at Alex Box Stadium. Please indicate your preference when making your arrangements.

## MUSIC

1.) No warm-up tapes are permissible. Only band(s) and electronic scoreboard music will be used. The LSU Marketing Department will select and administer all music.

2.) **WALK-UP MUSIC** - The NCAA Division I Baseball Committee voted to eliminate introductory/"walk-up" music during all rounds of the NCAA Division I Baseball Championship. Such music has sometimes been played in the past before a hitter steps into the batter's box.

## PRACTICE FACILITIES

Should you care to schedule additional practice time, or in the event that your scheduled practice is cancelled due to inclement weather, LSU has arranged for the following alternate practice site options. Please contact **Brendan Fouracre- 225-939-3671** should you be interested in scheduling one of these two facilities:

1.) Football Operations Indoor Practice Facility – located across Skip Bertman Drive from Alex Box Stadium. This space will be made available for running, stretching and throwing, should weather conditions dictate. Available by appointment only.

2.) University High School Practice Field- located adjacent to the Football Operations building. This field will be made available by appointment only, and may be used for additional practice if desired.

In addition we have contacted an indoor Baseball Club in Baton Rouge who would be happy to accommodate your teams for hitting and/or fielding and pitching. These facilities and scheduling contacts are listed below. Please be advised that use of these facilities is at your own expense.

# DRUG TESTING & DUGOUTS

---

## DRUG TESTING

*NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events. Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition. Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please note that no student-athlete will be notified of or escorted to NCAA drug testing without the knowledge of an official, credentialed representative from that student-athlete's institution.*

## DUGOUTS AND HOME TEAM DETERMINATION

For first-round games during championship competition, the highest-seeded team shall be designated as the home team. In subsequent games, the home team shall be determined according to a formula applied by the games committee.

In determining which of two teams in any game will be the home team, the games committee or the NCAA game representative shall designate the home team using the following guidelines:

1. The institution that has been the home team the fewer number of times in that particular tournament.
2. If the two teams are equal in this respect but unequal in the number of times they were the visitor, then the team that has been the visitor more often will be designated the home team.
3. If the two teams are equal in the number of times that they have been home and visitor, the games committee or the NCAA game representative shall observe the following procedures in the order stated:
  - a. If the two teams have met previously in that particular tournament, the visitor in the previous game shall be the home team in the game in question  
(Exception: In a two-team tournament where both teams have been the home team twice, the fifth game will be determined by a coin flip);
  - b. The team that was visitor in its preceding game shall be the home team, unless both teams were visitors in their preceding games; or
  - c. If the above procedures do not resolve the matter, the home team shall be determined by coin flip.

During the pre-championship meeting for the regional and super regional, the host institution must designate whether the first or third base dugout will be the home team dugout for the entire tournament.

## TOBACCO BAN

The use of all tobacco products is prohibited by student-athletes and game personnel [e.g., coaches, umpires, athletic trainers, student managers, NCAA game representative(s), tournament director(s), etc.] during practice sessions and game competition. Umpires are instructed to take a zero tolerance policy in this area. The use of tobacco products during other championship activities, such as press conferences and postgame interviews, is prohibited. Violations of this regulation shall be dealt with by the appropriate sports committee in accordance with Rule 3-11 of the NCAA Baseball Rules Book and the misconduct provisions of Bylaw 31.1.10.

# PERSONNEL & COACHES MEETINGS

---

## BALLS

Teams will furnish their own practice baseballs; however, each team will be furnished two warm-up baseballs before each game. The Rawlings RINCAA (with Extra Innings Technology) baseball, the official championship baseball, will be used in all NCAA tournament games.
