Stadium Capacity: 102,321
Playing Surface: Natural Grass & Artificial Turf (Sidelines Only)

ATHLETIC TRAINING

Medical Timeouts will be conducted via Zoom on Friday evenings prior to games. The Zoom links will be sent out via Micki Collins to the head athletic trainer. The visiting team head athletic trainer can then send the invite to all other necessary representatives from their team. If a student-athlete or member of your official travel party becomes ill with COVID-like symptoms the following steps should be taken:

- ◆ Contact Micki Collins, Director of Athletic Training and Administration. 225-268-1311
- ◆ If the ill party is at the hotel, PAE, the SEC's official COVID testing group, will be deployed to the hotel. Testing will be administered at the hotel.
- ◆ If the ill party is at the stadium, the ill party will be transported to the isolation room. They will be transported via a golf cart with a LSU representative and a visiting team representative. Proper PPE equipment will be given to protect all parties. PAE will test on-site. A LSU representative will stay, if needed, during the duration of the game. The isolated party will then be transported via LSU to a designated location.

Ambulance service is also available to transport injured athletes to area hospitals. Field medics with a mobile unit are available at the request of the home athletic trainers and the LSU team physicians. The mobile field level transport unit will be located adjacent to the visiting team locker room. X-ray facilities are available inside the main LSU Athletic Training Room at Tiger Stadium. CREDENTIALS

LSU Athletics will provide visiting teams with gameday credentials. All credentials will be name specific. **It is extremely important that the credential request forms on pages 16 and 17 are completed and submitted 10 days prior to your institution's game.** Visiting coaches and administration must understand the security of their sideline requires their utmost cooperation with the policies and procedures of LSU Game/Event Management. It is the responsibility of the visiting team to distribute credentials to the appropriate working personnel. Working personnel consists of those individuals with game related functions on the team sideline and/or in the press box. All credentials are non-transferable and must remain clearly visible at all times. All credentialed individuals are subject to question, and anyone without the proper credentials will be asked to leave the area and/or removed by uniformed security.

Per SEC regulations, sideline specific credentials will be provided to each team (these credentials are to be utilized by the coaches, athletic trainers, managers and any necessary personnel). These passes must be worn and visible at all times – the field gates are restricted access points where credentials are checked at all times. **Anyone not wearing their gameday credential will be denied field access. You will be asked to show your pass every time.**

Please be advised, LSU will comply with the SEC guidelines on age requirements for the sidelines and team areas. Children younger than 16 years of age in the team area must have a team related working function. Absolutely no children under the age of 10 will be allowed in the team area or on the sidelines during the game – please make appropriate accommodations to have tickets for any children/youths that may normally accompany the team (including children of coaches and administration).

GENERAL TEAM INFORMATION

(C-E)

CREDENTIALS (Cont.)

LSU may provide up to 12 Press Box Passes (specific for the visiting coaches' booth). Please list your coaches working from the press level on the Team Credential Request Form (page 17).

Due to state guidelines, there'll be a capacity limit for the Visiting President/AD's suite. Richard Dempsey will communicate the capacity limit to the visiting institution. Please provide the names for all individuals needing access to the suite on the Institutional Request Form on (page 16).

Richard Dempsey will hand-deliver all credentials to the visiting institution's advance personnel on the Friday prior to the game at Tiger Stadium. For questions regarding media credentials please contact Judy Willson (225-578-1869).

DRESSING ROOM

The visiting team locker room is located in the southeast corner of Tiger Stadium. On gameday, your dressing room will be supplied with soap, towels, ice (in 40 lb. bags), soft drinks (or sport beverage) and game programs. The LSU Equipment staff will provide keys for the locker room; however, your equipment staff is welcome to use their own locks to secure the locker room if they choose. The visiting team locker room has operable air conditioning and heating, and there are eight showers available for players for postgame showers. Additionally, the visiting team locker room has seating/shelving to accommodate 70+ players as recommended by the SEC. The coaches area of the locker room has 20 lockers/spaces for staff.

Normal cleaning procedures will be implemented the day after all games in addition to electrostatic spraying or fogging, depending on the chemical used. LSU will then reapply disinfectant via the same means the Thursday prior to the next home game. At that point, the doors will be sealed until the arrival of the visiting team.

Normal cleaning procedures include but are not limited to the following:

- vacuum carpet
- mop restroom and shower floors
- wipe down locker and other hard surfaces for dirt and debris
- wipe down sinks
- scrub toilets and urinals

EQUIPMENT

The sideline area will be equipped with sufficient bench seating, an electric outlet and a water outlet. All sideline equipment needs to be positioned within the team restricted area – the media walkway behind the team benches must be clear at all times. All cords, cables and hoses must be tucked away in the cable trays – LSU does not provide extension cords. LSU supplies the same amount of power to the visiting team sideline as it does to the LSU sideline.

Visiting teams must submit a request for approval to bring any special forms of equipment - fans, blowers, misters, etc. Any extensive power needs must be identified in advance.

Also, truck drivers should contact Richard Dempsey for the best routes to Tiger Stadium for large equipment trucks. Trucks and buses must turn off engine in the parking area - no exceptions. The visiting team equipment truck will be allowed to unload and park at Tiger Stadium near Gate 12.

GENERAL TEAM INFORMATION (F-P)

FIELD ACCESS

LSU will follow SEC standards for access to the playing field for all games. The field will officially be available for warm up beginning 120 minutes prior to kickoff. Please see the diagram on page 12. **A pregame timing format will be provided to each team indicating the times when the field will be cleared and when it will be available for teams to return (pregame and halftime).**

Per SEC policies, at the conclusion of the game, once the visiting team has entered the locker room, under no circumstances may the team return to the field (e.g. no curtain calls). Also, at no time will the visiting team participants be allowed access to the stands/spectator areas.

FILM & VIDEO POSITIONS

Camera positions are available for game filming in the end zone and in the press box - level 300. Credentials will be required to access these positions - be sure to include in the official credential request. If there are any questions regarding any of these policies, please contact Richard Dempsey prior to your visit. Please see page 13 for the interrupted game procedures and details – copies will be posted in the team locker room as well.

PRESS BOX COACHES BOOTH

The visiting team coaches booth is located on the north end of the 3rd level press area. The coaching booth can be reached by taking the center bank of elevators located on the west side of Tiger Stadium. The coaches using the press box booth will need to meet with Game/Event Management to coordinate a security escort from the field to the press box. When escorted to the press box on gameday, it is recommended for all coaches to travel as one group and do not confront or address any spectators. Credentials for the coaching booth will be included with the team credentials – these should be worn at all times and remain visible.

RADIO SYSTEM (COACHES' HEADSETS)

Tiger Stadium is equipped with phone lines for your headset system (LSU currently uses Coach Comm NG System for their wireless communications). **Matt Montgomery (225-578-9245) will be the technician assigned to provide assistance to your staff at practice and on gameday.** Please contact him prior to your visit if you have specific questions regarding frequencies and setup. In addition, on gamedays LSU employs a frequency coordinator to provide assistance to radio communications – please let us know immediately if you experience problems so we can address the situation. Any special needs must be clearly requested and identified prior to your visit.

SECURITY

LSU will provide the visiting team with appropriate security for the following areas:

Buses/Equipment Truck - A police motor escort will be provided to your team as a courtesy of the Louisiana State Police and the LSU Athletics Department. Security will be provided in your dressing room area from the arrival of your equipment truck through the conclusion of the game.
