- Bat testing for the **HOME** team shall begin 120 minutes (two hours) prior to the scheduled start time of each game of the series. The **VISITING** team will be tested immediately after the **HOME** team. In the event of a doubleheader, BCT will only be conducted prior to the first game of the doubleheader.
- The home team's machine is used for testing.
- Both coaches (or appointed designee(s)) will bring all bats to the testing location, as well as their logo stickers provided by the SEC. Each team's logo stickers must be available in the testing location prior to the start of the home team's testing. LSU will provide stickers for NON-SEC games.
- Testing will occur on the east side of the LSU Hitting Facility behind the outfield bleachers. Please access the location by going under the scoreboard, behind the bleachers and through the east roll up door.
- The crew chief will be responsible for actually testing each team's bats (e.g., physically placing the bats in the machines). The home team's game manager will serve as the observer and record the results.

TESTING PROCEDURE

- Each bat will be tested until it receives two pass results or two fail results whichever comes first.
- Bats passing both tests will receive a tamper-proof sticker to be placed on the taper of the bat so that it is easily visible.
- The opponent's sticker will be placed on bats that have passed.
- The visiting SEC team shall always travel with its own stickers to be used during the testing. The home team is not responsible for stickers of the opposing SEC teams.
- The stickers should be removed after the series has been completed.

PROCEDURES FOR FAILED BATS

- A bat that fails the BCT testing during a series will be deemed illegal and remain in the immediate possession of the home team's event manager until the end of the series or tournament.
- If a bat fails testing, the bat is dead for all remaining games in that series or tournament and cannot be re-tested.

SEC GAMES

- The LSU Event Manager or appointed administrative designee will give a home team's illegal bat to the home team's SWA.
- For each failed bat, the home team event manager (or administrative designee) will complete the SEC Failed Bat Form and submit the form via email no later than 48 hours after completion of bat testing for the series to the SEC office, with copies of the form sent to the head coach and SWA of the affected institution.
- It is the responsibility of the head coach to give the failed bat to his/her SWA upon the team's return to campus.
- All failed bats shall not be used in any subsequent game.
