INCLEMENT WEATHER

The primary goal is to play games according to the published schedule [two games Friday, two games on Saturday, two games on Sunday and one game on Monday (if necessary)]. You should keep in touch with local weather bureau and we also recommend that you evaluate the weather via www.weather.gov or www.weather.com. Lightning should be evaluated via the Weather Sentry Online system. Please use these weather-monitoring devices when trying to determine starting times after a delay.

As a general rule, no game should start later the 11 pm local time.

Possible Scenarios

1. If both Friday games are cancelled... play two games on Saturday, three on Sunday and two on Monday. (0-2-3-2)
2. If one Friday game is cancelled... play three games Saturday, two games on Sunday, and one game on Monday (if necessary). (1-3-2-1)
3. If two games are played on Friday and both Saturday games are cancelled... play three games on Sunday and two games Monday. (2-0-3-2)
4. If two games are played on Friday and one Saturday game is cancelled... play two games Sunday and two games on Monday (2-1-2-2)
5. If two games are played on Friday, two games are played on Saturday and both games on Sunday are cancelled... play two games on Monday and one on Tuesday (if necessary). (2-2-0-2-)
6. If two games are played on Friday, two games are played on Saturday and one Sunday game is cancelled... play two games on Monday. (2-2-1-2)
7. If two games are played on Friday, two games are played on Saturday, two games are played on Sunday and you experience inclement weather on Monday... try to get the game in on Monday OR play as early as possible on Tuesday. (2-2-2-0-1)
8. If both games are cancelled on Friday and both games are cancelled on Saturday... play two games on Sunday, three games on Monday and two games on Tuesday. (0-0-2-3-2)

LIGHTING

Lighting Requirements. Light levels in the primary playing area (PPA) should be brightly lit with uniform lighting throughout the area. Vertical light levels (illuminating the sides of the players) should be maximized without creating severe glare for student-athletes and spectators. The lighting should also provide adequate light levels in the bottom 10 to 15 rows of seats to allow camera operators exciting crowd shots. For lighting requirements, please refer to the NCAA best practices link below. The lighting should be evenly distributed on the PPA. The perimeter of the playing surface should have sufficient spill light into the spectator areas. One of the most important areas of proper lighting at televised sporting events is the smoothness of the lighting levels (this means there are no major jumps in lighting levels when the same camera pans the field). More information is available in Section Two of the NCAA Broadcasting Manual (<http://www.ncaa.org/wps/ncaa?ContentID=893>).

FACILITIES & SERVICES

LOCKER ROOMS

All teams besides the host institution participating in the championship should arrive at the venue in uniform. Full locker rooms will not be provided. Teams are asked to not leave belongings in the facilities. Restrooms will be available behind the dugouts. Teams are asked to shower in their hotel rooms after each game.

LAUNDRY

Laundry service is available following all practices and games. A LSU representative will meet with you during practice times. Arrangements for this service must be made by calling George Branigan at 225-578-4336 or 225-268-9844 (cell). Laundry will be picked up and returned to teams at Alex Box Stadium. Please indicate your preference when making your arrangements.

MUSIC

- 1.) No warm-up tapes are permissible. Only band(s) and electronic scoreboard music will be used. The LSU Marketing Department will select and administer all music.
- 2.) **WALK-UP MUSIC** - The NCAA Division I Baseball Committee voted to eliminate introductory/"walk-up" music during all rounds of the NCAA Division I Baseball Championship. Such music has sometimes been played in the past before a hitter steps into the batter's box.

PRACTICE FACILITIES

Should you care to schedule additional practice time, or in the event that your scheduled practice is cancelled due to inclement weather, LSU has arranged for the following alternate practice site options. Please contact **David Taylor- 225-270-8427** should you be interested in scheduling one of these two facilities:

- 1.) Football Operations Indoor Practice Facility – located across Skip Bertman Drive from Alex Box Stadium. This space will be made available for running, stretching and throwing, should weather conditions dictate. Available by appointment only.
- 2.) University High School Practice Field- located adjacent to the Football Operations building. This field will be made available by appointment only, and may be used for additional practice if desired.

In addition we have contacted an indoor Baseball Club in Baton Rouge who would be happy to accommodate your teams for hitting and/or fielding and pitching. These facilities and scheduling contacts are listed below. Please be advised that use of these facilities is at your own expense and space is limited per schedule.

DRUG TESTING & DUGOUTS

DRUG TESTING

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events. Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition. Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please note that no student-athlete will be notified of or escorted to NCAA drug testing without the knowledge of an official, credentialed representative from that student-athlete's institution.

DUGOUTS AND HOME TEAM DETERMINATION

For first-round games during championship competition, the highest-seeded team shall be designated as the home team. In subsequent games, the home team shall be determined according to a formula applied by the games committee.

In determining which of two teams in any game will be the home team, the games committee or the NCAA game representative shall designate the home team using the following guidelines:

1. The institution that has been the home team the fewer number of times in that particular tournament.
2. If the two teams are equal in this respect but unequal in the number of times they were the visitor, then the team that has been the visitor more often will be designated the home team.
3. If the two teams are equal in the number of times that they have been home and visitor, the games committee or the NCAA game representative shall observe the following procedures in the order stated:
 - a. If the two teams have met previously in that particular tournament, the visitor in the previous game shall be the home team in the game in question
(Exception: In a two-team tournament where both teams have been the home team twice, the fifth game will be determined by a coin flip);
 - b. The team that was visitor in its preceding game shall be the home team, unless both teams were visitors in their preceding games; or
 - c. If the above procedures do not resolve the matter, the home team shall be determined by coin flip.

During the pre-championship meeting for the regional and super regional, the host institution must designate whether the first or third base dugout will be the home team dugout for the entire tournament.

TOBACCO BAN

The use of all tobacco products is prohibited by student-athletes and game personnel [e.g., coaches, umpires, athletic trainers, student managers, NCAA game representative(s), tournament director(s), etc.] during practice sessions and game competition. Umpires are instructed to take a zero tolerance policy in this area. The use of tobacco products during other championship activities, such as press conferences and postgame interviews, is prohibited. Violations of this regulation shall be dealt with by the appropriate sports committee in accordance with Rule 3-11 of the NCAA Baseball Rules Book and the misconduct provisions of Bylaw 31.1.10.

PERSONNEL & COACHES

BALLS

Teams will furnish their own practice baseballs; however, each team will be furnished two warm-up baseballs before each game. The Rawlings RINCAA (with Extra Innings Technology) baseball, the official championship baseball, will be used in all NCAA tournament games.

The NCAA shall order 30 dozen baseballs for regionals and 15 dozen for super regionals and have them direct-shipped to the attention of the tournament manager at all regional and super regional sites.

BAT HANDLERS

Bat handlers must be 13 years of age or older to serve in this capacity at any NCAA regional, super regional and Men's College World Series competition. LSU will provide batgirls by request. Request for batgirls will be taken at the administrative meeting **Thursday, May 31 at 4:00 PM**.

BATTING CAGES

Practice Day:

Each team will have the option to use the batting cage for one-hour prior to the scheduled hour and fifteen minute practice on the stadium field.

Game-Day:

Batting cage practice will be scheduled according to team's timing sheets.

COACHES MEETING

A meeting of the coaches of the competing teams, administrators, and members of the games committee will be held on **Thursday, May 31, 2012 at 4:00 PM at the LSU Team Room of Alex Box Stadium** before the beginning of the tournament and before each round of competition (after the first-round games) to determine home and visiting teams, review ground rules, and dispense with any problems that may arise.

Head coaches are required to attend this meeting and it is considered misconduct if they do not do so. Assistant coaches, an administrator and the sports information director are requested to be in attendance.

CONFERENCE CALL

A mandatory conference call for participating teams will be held **Monday, May 28, 2012 at 6:00 PM (CST)**. The call-in information is listed below.

Conference Call Number: 877-411-9748

Interviews - Immediately after a 10-minute cooling-off period, the losing coach and requested players will be available to the media in an interview area open to all certified members of the news media. The winning coach and requested players will follow.

Media Credentials - Subject to limitations of space, media credentials shall be assigned in accordance with the following priorities: (1) campus media certified by the director of athletics and/or sports information director of each participating and host institution, (2) certified media from the immediate locale of the championship or the immediate locale of the competing teams, and (3) other certified media. All requests for media credentials shall be directed to Sr. Associate Sports Information Director, Kent Lowe at 225-578-8226 or clowe@lsu.edu.

Media Parking - Parking for members of the media will be located in the Alex Box Lot on Gourrier Lane or the Home Run Village Lot. Contact Bill Franques for parking passes.

Media Seating – Kent Lowe will assign media seating. Working writers will be assigned in the Press Box. Power, telephone, and internet service will be available.

SPORTS INFORMATION

Microphones - The placement of microphones on a team coach or in team huddles and dugout areas is prohibited at all NCAA championships.

Photo Areas - are located to the outfield end of both the third and first base dugouts on field level, accessible during pitching changes or in between innings. In addition high home, first, and third locations are available as well.

Radio - Any radio station wishing to broadcast during the regional should contact Kent Lowe for telephone lines and complete the NCAA Radio Agreement at <http://web1.ncaa.org/radioRights/policy.html> and have that contract approved by Host Communications. Space will be reserved for each participating institution's home radio station. All other stations in that institution's area will be served on a first-come, first-served basis in accordance with the priority established by the NCAA radio policy. If you have any questions regarding NCAA Radio Policy, please contact Jeremy Michaels at the NCAA national office (phone: 317-917-6523 or e-mail: jmichaels@ncaa.org), Mike Dodson at HOST (phone: 859-226-4390 or e-mail: mike.dodson@hostcommunications.com) or Cindy Johnson at HOST (phone: 859-226-4225 or e-mail: cindy.johnson@hostcommunications.com).

Results - The LSU Sports Information Department shall provide a game box score to competing teams and media within 10 minutes following each game.

VIDEOTAPING

It will not be necessary for participating teams to videotape games. LSU will provide each team a DVD of their individual game 20 minutes after the game is completed.

TEAM CREDENTIALS

Each team will be provided with the necessary credentials for those listed on the official travel party roster. Please email or fax travel roster form (page 29 of this manual) to **David Taylor** (dataylor@lsu.edu or 225-578-4799) by **Wednesday, May 30 at 12:00 PM**. This is for credential purposes only. Officials rosters will be submitted at the coaches meeting on Thursday, May 31 at 4:00 PM.

Anyone traveling with a team over the 35 member party must purchase a ticket out of the team's ticket allotment.

STADIUM POLICIES

STADIUM GROUND RULES

- All green padding on any of the walls is live. If ball wedges into the outfield padding, it will be a dead ball.
- The top step of the dugouts, as well as the top step of the camera wells, is considered live.
- Balls that are caught and carried into the dugout or camera well will remain live (pending book rule of body control). Players are permitted to throw from in the dugout or in the camera well.
- If the ball hits the facing of the roof of the dugout, or any of the yellow interior walls of the dugout, it is a dead ball.
- For games that will be televised, there will be a rectangular area taped on the warning track on each side (on the outfield side of the camera wells) for still photographers. This area is used simply to quarantine the photographers. This will remain a live ball area. If the ball hits a photographer or the photographer's equipment, or if the ball remains in the rectangular area, the ball remains live.
- If the ball gets lodged under the bullpen bench, the ball is dead... unless the defensive player goes in to retrieve it.
- If the ball goes into the tube that has the tarp rolled on it, the ball is dead.... unless the player goes in to retrieve it.
- The yellow "home run" line on the outfield fence merely indicates the top of the fence. The ball must completely clear the yellow line and wall to be a home run or ground rule double.
- The silver colored chain link fencing behind the left field wall and in front of the left field bleachers is out of play. A ball that hits the chain linked fencing would be a home run or a ground rule double.
- The batter's eye in centerfield is out of play. A ball that hits the batter's eye would be a home run or a ground rule double.
- The flag poles in centerfield are out of play. A ball that hits the flagpoles would be a home run or a ground rule double.
- A player cannot use the tarp, or any other object that is in the field of play, to elevate himself.
- The backstop netting is live with no breaks.
- Defensive players must have 2 feet off of the concrete and be unassisted by dugout personnel when making a catch.

meeting**

INSTITUTION: _____ DATE: _____

HEAD COACH: _____

On the field, including the practice field, bullpen, bench and dugout, each team is limited to four official coaches in uniform (head coach, assistant coaches and volunteer coach), 27 eligible student-athletes in uniform, and student assistant coaches. Only uniformed personnel, including coaches and eligible student-athletes, may be permitted between the white lines and in the bullpens. Other nonuniformed personnel (up to the maximum limit of 35 individuals) in the dugout should be performing official team functions that they have performed during the season. A bat handler, who must be 13 years of age or older, does not count against the maximum limit of 35 individuals. Nonuniformed personnel in proper attire may participate in pregame warm-ups. Once a game begins, the athletic trainer or manager is permitted on the field only to perform his/her appropriate duty (e.g., warming up a pitcher is not considered an appropriate duty). The 35 individuals listed below are the only individuals authorized in the dugout.
