AWARD MESSAGE

I sincerely appreciate all of you for driving the fix for the Printer Category page! During our Parts MFE demo with PMs, the team found a small issue which led the DDS drop-down overflow window appears to be muted when we first focus it on the mobile device. Team also noticed the same issue is persist in the PFYD home page in production. The DDS team(I have names like Luis Krotz and Dan Overlander) fixed the issue almost instantly, extensively tested for every possible scenario. Team publish the changes in production almost within 24 hours. Love the collaboration with DDS, PFYD engineering(in particular I would say Trilok, Patrick and Shree), Devops and Product teams! Thanks, appreciate the quick turnaround.
