AWARD MESSAGE

Luis, Igor, and Matheus have been instrumental in getting the DDV stories merged through their consistent and thoughtful MR reviews. Given that DDV is a smaller, separate product within DDS (with features and changes that differ from what they typically work on), their contributions are especially appreciated. Despite the difference, they've provided meaningful feedback and even helped prevent bugs from being introduced. This level of attention has allowed us to move stories forward more quickly, and it has not gone unnoticed. Thank you all for your help!
