Color Rendering

Description

The Lumencore Nano Adjustable is a high-performance LED downlight for ceiling applications that can be rotated from 0°-358° and tilted 0°-40°. Available in an array of trims and finishes, outputs, optics, color renderings, and accessories, these luminaires are here to outperform. The Lumencore Nano Adjustable possesses a previously unseen lifespan, is quick to install, and can be used with a number of different control options.

Physical

Cutout	R: Round, S: Square
Decorative Bezel	ADB: Adjustable (0°- 358° rotation, 0°-40° tilt)
Trim	RD: Round, TLR: Trimless Round, SQ: Square, SR: Square Trim with Round Hole, TLS: Trimless Square
Ceiling Thickness	1: 0.04 in to 1 in ceiling thickness 2: 1.05 in to 2 in ceiling thickness
Housing Material	Aluminum
TIR Optics Material	Clear polycarbonate
Reflector Material	Aluminum
Weight	3 lbs with RM installation type, 4.2 lbs with NC installation type, 7.2 lbs with PC, IC, IC/AT and RMR installation types (Weights are approximate based on the heaviest fixture configuration)
Ceiling Space Requirements (Length x Width x Height)	Up to 15 in x 8 in x 12 in with RM installation type, Up to 15 in x 9 in x 12 in with NC installation type Up to 18 in x 15 in x 9 in with PC/IC/ICAT/RMR installation types (Dimensions will vary by output and color rendering, refer to Ceiling Requirements table for details.)

Environmental

Ingress Protection Rating	IP20
Environment	Damp location rating (interior applications only)
Operating Temperature (Ceiling Cavity Ambient Temperature)	-4 °F to 104 °F (DA1, DA2, DA3, PDA1, PDA2, SDALI1, SDALI2, DALI1, DALI2, DALI8, LT, DMX/RDM, PH and PPH control options), 14 °F to 104 °F (NO control option), 32 °F to 104 °F (NO3, ESP control options and EBB and EBI options)

Delivery - How It Works

Standard Shipping (1 delivery)

Included

- 1. MTG Mounting kit and complete fixture assembly

Advanced Shipping of Mounting kit (2 Separate Deliveries)

Included

- 1. Optional advanced delivery: MTG Mounting kit and ceiling mounting ring
- 2. Second delivery: LUM Core (heatsink, universal fixing ring, LED module, optic, accessories, adjustable bezel) and trim

Consult factory for Advanced Shipping details.

Exploded Overview - Part Selection

Standard Parts

- A - MTG Mounting kit
- B - LUM Core (heatsink, universal fixing ring, LED module)
- MTG: Mounting Kit
- LUM: Luminaire

Customizable Parts

- C - Ceiling cutout shape (round or square)
- D - Ceiling mounting ring (round or square, based on ceiling cutout selection)
- E - Optic*
- F - Optical accessory and accessory holder (up to two optical accessories can be combined in the fixture, position will vary by accessory type)**
- G - Adjustable mechanism
- H - Adjustable decorative bezel
- I - Trim (round or square, based on ceiling ring selection)

*Optic is field changeable. Consult Interchangeable Optics section of the specification sheet for details.
**Field changeable, consult installation instructions for details. Consult factory for ordering details.

Ceiling Cutout Shape Options

RD - Round Ceiling Cutout

SQ - Square Ceiling Cutout

Decorative Bezel Options

RD - Compatible Round Decorative Bezels

SQ - Compatible Square Decorative Bezels

Standard Finishes - Decorative Bezels

*Custom color: specify 4-digit RAL K7 color.

**Special color: choose one of the standard Point Source colors from the Cylinders product brochure or specification sheets. Contact manufacturer for additional information.

Trim Shape Options

RD - Compatible Round Trim Shapes

RD - Round

SR - Square trim with round hole

TLR - Trimless round

SQ - Compatible Square Trim Shapes

SQ - Square

TLS - Trimless Square

Standard Finishes - Trims

MWH - Matte white

MBK - Matte black

NKS - Nickel satin

CC - Custom colour*

SP - Special colour**

*Custom color: specify 4-digit RAL K7 color.
**Special color: choose one of the standard Point Source colors from the Cylinders product brochure or specification sheets. Contact manufacturer for additional information.

Color and Color Temperature

Color Temperature Ranges

Control

*Temporarily unavailable, consult factory.

**DMX/RDM control can be programmed onsite via RDM for linear dimming curve option. Logarithmic curve is standard from factory. Consult factory for further details.

Refer to website product code for exceptions.

Optics

TIR Optic - Total Internal Reflection

Applicable to XN (5°), VN (10°), NS (15°) and N (25°) distributions.

Semi-Specular Reflector

Applicable to M (40°) distribution.

Faceted Reflector

Applicable to NFR (25°) and MFR (40°) distributions.

Beam Widening Lenses

	Optic installed in fixture						
	XN 5°	VN 10°	NS 15°	N 25°	NFR 25°	M 40°	MFR 40°
BW1	11°	14°	21°	26°	26°	51°	51°
BW2	21°	22°	27°	31°	31°	54°	54°
BW3	30°	32°	35°	38°	38°	58°	58°

The above beam angles are nominal beam angles.
Variations in beam angles can be seen due to different LES sizes. For exact beam calculations please consult factory.
Beam widening lenses should not be used with other accessories with the nominal results above.

Interchangeable Optics

	Optic installed in fixture

See Installation Type section for dimensional view of keep out and/or MTG mounting kit option.
Above dimensions include any keep out requirements for proper airflow and thermal cooling.

Ceiling Cutout

- A - Ceiling cutout: Ø3.25 in
- B - Ceiling cutout: 3.25 in x 3.25 in
- C - Maximum ceiling thickness: 2 in
- D - Minimum ceiling height: refer to Ceiling Cavity Space Requirements table

Ceiling Thickness Options

Ceiling Thickness 1

- A - Ceiling thickness range: 0.04 in to 1 in

Ceiling Thickness 2

- B - Ceiling thickness range: 1.05 in to 2 in

Ceiling springs are field changeable, consult installation instructions and factory for details.

Installation Types

RM: Remodel Non-Insulated Ceiling (Non-Plenum Rated) (NO, PH, ES and ESP Controls Only)

Ceiling cavity space requirements for L20 CR90/95 and L30 CR80 shown.

RM: Remodel Non-Insulated Ceiling (Non-Plenum Rated) (Other Controls)

Ceiling cavity space requirements up to L20 CR90/95 and L30 CR80 shown, trimless version.

NC: New Construction Non-Insulated Ceiling (Non-Plenum Rated) (NO, PH, ES and ESP Control Options Only)

Ceiling cavity space requirements for L20 CR90/95 and L30 CR80 shown.

NC: New Construction Non-Insulated Ceiling (Non-Plenum Rated) (Other Controls)

Ceiling cavity space requirements up to L20 CR90/95 and L30 CR80 shown, trimless version.

IC, PC, IC/AT: New Construction Insulated and Non-Insulated Ceiling (Enclosed Box)

IC - New construction insulated ceiling (enclosed box)

PC - Plenum non-insulated ceiling (enclosed box)

IC/AT - New construction insulated ceiling (Chicago Plenum/airtight, enclosed box)

Ceiling cavity space requirements for L13 CR80/90/95 and L20 CR80 shown.

RMR: Remote Recessed Insulated Ceiling/Plenum (Enclosed Box)

Luminaire ceiling cavity space requirements for L13 CR80/90/95 and L20 CR80 shown. Refer to remote driver box dimensions in installation instructions for space required for driver.

Remote distance is a maximum of 75 ft, consult Lumenpulse Application Engineering Team for longer remote distances.

Fixture shown for reference only. Refer to Ceiling Requirements section and installation instructions for dimensions and ceiling cutout requirements.

Options

EBB - Emergency Battery Backup With Hanger Bar (Bodine BSL17C-C2)

Hardware to mount the battery backup to the hanger bar is included. A test button is included. The unit comes pre-wired with 2 ft flexible conduit in and out. Refer to installation instructions for details.

EBI - Emergency Battery Backup With Hanger Bar (Iota ILB-CP07-A TBTS)

Hardware to mount the battery backup to the hanger bar is included. A test button is included. The unit comes pre-wired with 2 ft flexible conduit in and out. Refer to installation instructions for details.

Notes:

1. Refer to website product configurator for all exceptions.

2. Refer to website for Quickship configurations.

3. Not available for 700 lumens. Not available for 1000 lumens when combined with 80 color rendering option.

4. Not available for XN and VN optics.

5. Not available for DTW, DTWP, DWH, DWW or DWWP color options.

6. Available for M and MFR optics only.

7. Not available with PC, IC, IC/AT or RMR installation types.

8. Available for CRI 80 only.

9. Compatible with all control options except for DALI18.

10. Available for 1000 and 1300 lumens when combined with 90 color rendering option and MFR optic only.

11. Compatible with DA1, SDALI1, SDALI2, DMX/RDM and LT control options only.

12. Available for 1300 lumens when combined with 80 color rendering option and MFR optic only.

13. Compatible with LT, DMX/RDM and DALI18 control options only.

14. Available for 700 lumens when combined with 80 or 90 color rendering options and 27K, 30K, 35K or 40K color temperature options only.

15. Available up to 1300 lumens when combined with 80 or 90 color rendering options and 27K, 30K, 35K or 40K color temperature options only.

16. Available up to 1300 lumens when combined with 80, 90 or 95 color rendering options only.

17. Available up to 2000 lumens when combined with 80 color rendering option and up to 1300 lumens when combined with 80, 90 or 95 color rendering options only.

18. Available up to 3000 lumens when combined with 80 color rendering option and up to 2000 lumens when combined with 80, 90 or 95 color rendering options only.

19. Control options vary according to color temperature, color rendering, optics and installation type combination. Refer to website product configurator for details.

20. Manufacturer's choice driver. Order code may change to NO1.

21. Not available with 347V.

22. Not available for 3000 lumens.
23. Manufacturer's choice driver. Order code may change to DAMC1 or DAMC2.

24. Not available for XN and VN optics.

25. Driver cuts off power to the fixture when the control signal drops below 0.5V.

26. Manufacturer's choice driver. Order code may change to PH1 or PH2.

27. Available for 120V voltage option only.

28. Manufacturer's choice driver. Order code is subject to change.

29. Consult factory for availability.

30. One EcoSystem® address per fixture. Lutron® EcoSystem® Enabled dimming not available for 1300 lumens combined with VN optic. Available for static white color temperatures only.

31. Not available for 3000 lumens.

32. Available for DWH, DWW and DWWP color options only. DALI-2 Type 8 controller required.

33. Not available for PC, IC or IC/AT installation types.

34. Configurable between 8 or 16-bit dimming control via RDM. DMX/RDM requires LumenID, LumenID software and onsite commissioning.

35. A Control Box (CBX-DS or CBX-ST) and lumenID (LID) must be specified.

36. A Lumentranslator 2 (LTL2) and LumentalkID (LIDL) must be specified for Lumentalk applications. Consult Lumentranslator 2 and Lumentalk pages and specification sheets for details.

37. 1% minimum dimming value.

							BW3 Beam Widening Lens (+30°) ⁽⁵⁶⁾

- Notes:
5. Not available for DTW, DTWP, DWH, DWW or DWWP color options.

21. Not available with 347V.

31. Not available for 3000 lumens.

38. Longer lead times can be expected for custom RAL color finishes.

39. Refer to Cylinder specification sheet and brochure for color options.

40. Cannot be combined with square ceiling cutout.

41. Cannot be combined with round ceiling cutout.

42. Available for 700 lumens when combined with XN optic and up to 1300 lumens when combined with VN, NS and N optics. Available up to 2000 lumens when combined with NFR optic and up to 3000 lumens when combined with M and MFR optics. Refer to optic option notes for color rendering limitations.

43. Available for 700 lumens when combined with XN optic and up to 1300 lumens when combined with VN, NS, N and NFR optics. Available up to 2000 lumens when combined 80 color rendering option and M and MFR optics. Refer to optic option notes for color rendering limitations.

44. Not available for DWH, DWW or DWWP color options.

45. Remote distance is a maximum of 75 ft. For longer remote distances, please contact Lumenpulse Application Engineering Team for application validation.

46. Ceiling springs are field changeable, consult factory and installation instructions for details.

47. Available for RM and NC installation types only.

48. Emergency battery backup options require ceiling access for test button use. The battery will operate for 90 minutes minimum and maintain a minimum of 1 fc from a 7 ft 2 in height as per UL 924. For indoor use only in dry or damp locations.

49. Emergency battery backup options are field installed and not presided by Lumenpulse. Refer to related installation instructions for details.

50. Maximum one accessory per position (optic and bezel). HL and XLVR accessories are installed in optic position. CL, SL, PD, LSN, LSW, BW1, BW2 and BW3 accessories are installed in bezel position. Refer to specification sheet for details.

51. Not available for DTW and DTWP color options.

52. Available for XN, VN and NS optics only.

53. Can be combined with PD accessory only.

54. Recommended to be combined with HL or XLVR accessory only.

55. Recommended for XN, VN, NS, N and NFR optics when combined with 2200K, 2700K, 3000K, 3500K, 4000K color temperature options. Nominal 10° x 40° distribution when used with the NS optic. Recommended for MFR optic when combined with DTW, DTWP, DWH, DWW or DWWP color options only.

56. For optimal performance, it is not recommended to mix with other accessories.

57. Recommended for XN, VN, NS, N and NFR optics when combined with 2200K, 2700K, 3000K, 3500K, 4000K color temperature options only. Nominal 10° x 60° distribution when used with the NS optic. Recommended for MFR optic when combined with DTW, DTWP, DWH, DWW or DWWP color options only.
