- 80 Colours & surfaces

Home is our personal retreat,
the private space where we
share special time with family
and friends.

It is a reflection of our lifestyle,
our attitudes and the things
that mean the most to us. As our
lives and tastes change, our
home evolves with us – always
in sync with our current needs.

USM Modular Furniture is
designed to accompany us
through different phases of life.
It adjusts to new demands,
ready to take up different func-
tions in our home.

USM Haller table

The USM Haller and USM Haller Plus desk can be equipped with an optional cable basket, while the USM Haller Advanced features integrated smart solutions for electrification. All desks can be equipped with grommet hatches for network access.

Basic table Optional cable basket underneath the tabletop	Sliding tabletop + adaptation points Integrated cable tray accessible from above by sliding back the tabletop Adaptation points for accessories	Working desk Optional cable basket underneath the tabletop Removable adaptation points for accessories	Side table

Accessories for all USM Haller desks

- 1

Grommet hatch for network access
Hatch for a single power outlet, flushmounted in tabletop. This unit can be mounted in two different positions on the tabletop.
- 2

Cable management
For the USM Haller Advanced table, a cable tray integrated under the tabletop offers storage room and attachment options for all cables and technical components. For the USM Haller and USM Haller Plus table, a cable wire basket can be attached.
- 3

CPU holder
Computers in various sizes can be mounted using a simple holding device under the table.
- 4

Cable guide
Is clamped to the table legs and guides cables to their outlets.
- 5

Link chain
Holds and directs cables to the power source. Flexible and adjustable to different lengths.
- 6

Flat screen support arm
Screens are mounted onto the support arm (VESA standard). Swivel-type with a spherical joint for the screen. Mounting at different heights is possible for screens weighing up to 12 kg.
- 7

Flat screen pivot arm
Screens are screwed to the height adjustable pivot arm using a mounting plate (VESA standard). Continuous height adjustment for screens weighing up to 12 kg.
- 8

Front and side panel
Can be attached under the table to the long side or laterally. For tables with lengths: 2000, 1750, 1500, 1250 and depths: 1000, 750.
- 9

Pivoting pen holder
Provides room for writing instruments and can be discreetly stowed under the tabletop.
- 10

USM Privacy Panels
Fitted on the long side of the table to provide individualisation and privacy. H: 350 or H: 700. For tables with lengths: 3000, 2000, 1750, 1500.

Accessories for USM Haller Plus / Advanced desk

- 11

Flat screen support bar
The support bar is inserted into the adaptation points. Up to two screens (max. 2 x 12 kg) can be attached using a mounting plate (VESA standard). Screens can be mounted at different heights; screens can be adjusted with ball joints. Continuously height-adjustable for screens weighing up to 12 kg.
- 12

USB adapter
The adapter can be used for USB A 3.0 and C connections. It can easily be inserted into the adaptation point. Usable as power supply or for data transfer.
- 13

Lamp peg
An optional lamp peg for easy attachment of selected table lamps. Electrification is possible through the adaptation point.
- Options

11a Flat screen support bar fix

11b Flat screen support bar adjustable
Move forwards or backwards two notches at a time to adjust the viewing distance.

* Only available in the surfaces pearl grey laminate, black linoleum and Fenix, Grigio Londra
All measurements in mm.

It is simply about living your ideas, your style.

Make your home personal. Clear lines, versatile modularity: USM Haller lets you decide. Unobtrusive but essential, it adapts to your lifestyle, your changing needs, your personal taste. A lasting companion for life, from one generation to the next.

Dining

Sharing time together with family and friends is priceless.

It is often little things that make life richer. Spending time with loved ones, eating, talking, laughing together. All it takes is a large table to gather around. Pure and simple in design, the USM Haller Table allows you to dine in style.

Rethink, redesign, revalue
sums up the sustainable benefit
of our products.

What and how much do you really need? What purposes should a piece of furniture serve? Experienced consultants and virtual planning tools enable us to support you to create a bespoke and conscious purchase. So that you get exactly what you really need, tailored to your current requirements. But don't worry, once furniture has been designed, it can always be rethought and adapted to new circumstances.

Each piece is unique, planned and assembled especially for you. Our furniture is designed to be forever reconfigured. Thanks to the high-quality finish and clever design, all components can be change and extended at any time without any problems. This leads to limitless creative freedom, more individuality in design and almost infinite cycles of use.

Our vision –
becoming a fully circular business
We want to extend circularity principles beyond our products. That means adopting this philosophy throughout our company – from our product development to our manufacturing, and new business models, from our communications to our supply chain, operations and the expertise of our people.

Thanks to the high quality, colours that never fade and a 100% modular system, decades-old USM furniture can be seamlessly combined and upgraded with new components. We believe a product that adapts to your style, your life, your changing needs is relevant and loved.

USM furniture is a valuable companion
for life, across generations.

Our product lines USM Haller and USM Kitos M, accounting for more than 92% of our revenue, carry the Cradle-to-Cradle® certification. It is the leading multi-attribute standard used globally across industries for designing and making products that enable a healthy, fair and sustainable future according to the world's most advanced science-based measures.

All our four main product lines carry the UL Green-guard Certification for low chemical emission. Having undergone rigorous scientific testing to meet stringent emissions requirements, this certification approves that our products contribute to a healthier indoor air quality.

DRIVING AMBITIOUS CORPORATE CLIMATE ACTION

We have committed to set the following emission reductions in line with the latest climate science:

- Reduction of absolute direct and indirect greenhouse gas emissions (scope 1 and 2) by 42% by 2030 from a 2021 base year.
- Reduction of other absolute indirect greenhouse gas emissions (scope 3) by 25% within the same timeframe.

(Our target boundary includes land-related emissions and removals from bioenergy feedstocks.)

The Science Based Targets initiative (SBTi) has approved USM's above near-term science-based emissions reduction targets. The highly respected climate action organisation, partnering with renowned organisations including the United Nations Global Compact and the World Wide Fund of Nature (WWF), enables companies worldwide to play their part in combating the climate crisis.

USM Haller E

Application options

A modular structure of your design, either completely or partially equipped with e-Balls and e-Tubes, is connected to a source of electricity. The structure itself conducts the low voltage electricity to the desired location using the e-Balls, e-Connectors and e-Tubes to form a circuit. USB chargers or light sources can be snapped into place in pre-cut recesses. The power supply is drawn from any point near the ground. The power supply cable is attached to an e-Ball, and the power adapter is subsequently tucked underneath the furniture until only the operating switch remains visible. From this point the power supply requires no further cables but rather is integrated into the structure of the furniture.

- 1

Glass panel
Glass elements can be illuminated throughout.
- 2

Without metal paneling
Compartments without metal paneling can be completely illuminated.
- 3

With metal paneling
Compartments with metal paneling can be illuminated from the front.
- 4

Compartment with an extension shelf
The entire compartment with an extension shelf can be illuminated.
- 5

Drop-down and extension door
Via the "Light When Compartment Is Open" function, the light automatically turns on when the door is opened.
- 6

Angled shelf
The presentation space is illuminated from the front.
- 7

Floor lighting
With floor lighting, the light shines at a 25-degree angle under the furniture.
- 8

Ambient lighting
The light is directed vertically towards the back, illuminating the surroundings with a warm glow.
- 9

e-USB charger
It can be integrated in the same places as the e-Lights.

e-Elements

- 1

e-Lights
Dimmable, available in
– Warm white 2700 Kelvin
– Cold white 5700 Kelvin
Both with or without the "light at compartment opening" function.
- 2

e-USB charger
Provides a voltage of 5 volts to the connected device. (Capacity: 6.5 W)
- 3

e-Dummy
Sleek, black e-Dummy element, closes recesses that are unutilised. Can be changed for additional e-Lights or e-USB charger later.
- 4

e-Tube (power outlet)
Tubes with recesses for e-Lights, e-USB chargers or e-Dummy elements that can be easily snapped into place or replaced.

L 350, 1 recess
L 500, 2 recesses
L 750, 3 recesses
- 5

e-Tube (conductive)
The conductive e-Tube serves to conduct the electricity if no inserts are desired in this location. It is available in lengths of 750, 500, 395, 350, 250 and 175 mm.
- 6

e-Ball, e-Connector
To enable the flow of electricity, the ball and connector were refined. The exterior dimensions remain unchanged. The distinguishing feature of the ball is the black insulation ring.
- 7

e-Power supply
Includes dimmer at the operating switch. Transforms the power supply voltage to 24 volts. (Capacity: 60 W)

Accessories for all USM Haller desks

- 1

Grommet hatch for network access
Hatch for a single power outlet, flushmounted in tabletop. This unit can be mounted in two different positions on the tabletop.
- 2

Cable management
For the USM Haller Advanced table, a cable tray integrated under the tabletop offers storage room and attachment options for all cables and technical components. For the USM Haller and USM Haller Plus table, a cable wire basket can be attached.
- 3

CPU holder
Computers in various sizes can be mounted using a simple holding device under the table.
- 4

Cable guide
Is clamped to the table legs and guides cables to their outlets.
- 5

Link chain
Holds and directs cables to the power source. Flexible and adjustable to different lengths.
- 6

Flat screen support arm
Screens are mounted onto the support arm (VESA standard). Swivel-type with a spherical joint for the screen. Mounting at different heights is possible for screens weighing up to 12 kg.
- 7

Flat screen pivot arm
Screens are screwed to the height adjustable pivot arm using a mounting plate (VESA standard). Continuous height adjustment for screens weighing up to 12 kg.
- 8

Front and side panel
Can be attached under the table to the long side or laterally. For tables with lengths: 2000, 1750, 1500, 1250 and depths: 1000, 750.
- 9

Pivoting pen holder
Provides room for writing instruments and can be discreetly stowed under the tabletop.
- 10

USM Privacy Panels
Fitted on the long side of the table to provide individualisation and privacy. H: 350 or H: 700. For tables with lengths: 3000, 2000, 1750, 1500.

Accessories for USM Haller Plus / Advanced desk

- 11

Flat screen support bar
The support bar is inserted into the adaptation points. Up to two screens (max. 2 x 12 kg) can be attached using a mounting plate (VESA standard). Screens can be mounted at different heights; screens can be adjusted with ball joints. Continuously height-adjustable for screens weighing up to 12 kg.
- 12

USB adapter
The adapter can be used for USB A 3.0 and C connections. It can easily be inserted into the adaptation point. Usable as power supply or for data transfer.
- 13

Lamp peg
An optional lamp peg for easy attachment of selected table lamps. Electrification is possible through the adaptation point.
- Options

11a Flat screen support bar fix

11b Flat screen support bar adjustable
Move forwards or backwards two notches at a time to adjust the viewing distance.

* Only available in the surfaces pearl grey laminate, black linoleum and Fenix, Grigio Londra

USM Kitos M and E desk

Each desk of the USM Kitos M and E family offers integrated smart solutions for electrification, excluding free-standing.

Why USM Kitos M?

The “M” in its name stands for mechanical spring-loaded height adjustment; adjustment time approx. 1 second with zero energy consumption. This system is more than 10 times faster than the electronic equivalent and has an extremely long operating life.

Why USM Kitos E?

Maximum functionality and captivating design – USM Kitos E unites all requirements in one modern workplace: continuous height adjustability and maximum stability. A distinction is made between fixed and motor-driven legs in the E1, E2 and E3 models.

E1

H: 740
With or without middle traverse

E2 with 1 motor

H: 700–1200
Adjustment time approx. 30 sec.
With middle traverse

E3 with 2 motors

H: 650–1300
Adjustment time approx. 20 sec.
With middle traverse

Basic desk

Integrated cable tray underneath the tabletop

L: 2250 / D: 1000
Available with E1, E2 or E3 columns

Side table

USM Kitos E Free-standing

H: 740 or 700 – 1110
Square
L: 750 and 900
Round
Ø: 900 and 1100

The table can also be provided with an asymmetrical version of the middle transverse, for extra legroom. (This is not possible with the USM Kitos E / M Meeting.)

* Available with or without middle traverse.

**Available in a GS-Mark tested version with 3 mm table edge radius and the asymmetrical middle traverse.

All measurements in mm.

Accessories
for all USM Kitos M and E desks

1 Grommet hatch for network access
Hatch for a single power outlet, flush-mounted in table-top. This unit can be mounted in two different positions on the tabletop.

2 CPU holder
The CPU holder allows computers of various sizes to be mounted either under the tabletop facing outwards or on the middle traverse facing outwards or inwards as desired.

3 Link chain
Holds and directs cables to the power source. Flexible and adjustable to various lengths.

4 USM Privacy Panels
Fitted on the long side of the table to provide individualisation and privacy.
H: 350 or 700.
For tables with lengths: 2500, 2250, 1800, 1750, 1600.

Accessories
for all USM Kitos M and E desks,
except USM Kitos M Meeting/
E Meeting

5 Flat screen pivot arm
Screens are screwed to the height adjustable pivot arm using a mounting plate (VESA standard). Available for USM Kitos E and M tables: the pivot arm is mounted onto the tabletop using the universal support. Available for USM Kitos M and E Plus: The pivot arm can be inserted into one of the adaptation points with a tube set. Continuous height adjustment for screens weighing up to 12 kg.

6 Front panel
Can be attached under the table to the long side or laterally. For tables with lengths: 1800, 1750, 1600.

7 Material tray
Provides room for writing instruments and can be discreetly stowed under the tabletop.

Accessories
for USM Kitos M Plus / E Plus

8 Flat screen support arm
Screens are mounted onto the support arm (VESA standard) which can be connected directly to one of the adaptation points. Swivel-type with a spherical joint for the screen. Mounting at different heights is possible for screens weighing up to 12 kg.

9 Flat screen support bar
The bracket is inserted into the adaptation points. Up to two screens (max. 2 x 12 kg) can be attached using a mounting plate (VESA standard). Screens can be mounted at different heights; screens can be adjusted with ball joints.

Options:

9a Flat screen support bar fix

9b Flat screen support bar adjustable
Move forwards or backwards two notches at a time to adjust the viewing distance.

10 USB adapter
The adapter can be used for USB A 3.0 and C connections. It can easily be inserted into the adaptation point. Usable as power supply or for data transfer.

11 Lamp peg
An optional lamp peg for easy attachment of selected table lamps. Electrification is possible through the adaptation point.

All measurements in mm.

for writing instru-
ments and can be
discreetly stowed
under the tabletop.

3 USM Inos
internal
organisation
Plastic inserts in
metal trays are
ideal for storing
small bits and
pieces, whether
in the home office
or in the house.

4 USM Inos
drawer set
Thanks to its
dimensions it fits
into any piece
of USM furniture.
The displayed
set with 5 closed
drawers is avail-

able in all 14 USM
colours. The
drawer sets with
5 open, 10 open or
10 closed drawers
are available in
graphite black and
pure white.

5 USM Inos Box
The new USM Inos
Boxes organise,
store and protect
both your treas-
ures and everyday
bits and pieces.
Several boxes can
be stacked on top
of each other with
the help of trays,
which can also be
used as covers
or serving trays, or
to hold assorted
small items around
the home. These
soft storage boxes
made of nonwoven
polyester are
available in four
different sizes
and in light grey
and anthracite.

6 World of
plants for
USM Haller
Lively evergreen
landscapes can
now be easily
integrated into
the structure
of USM Haller.
