

Product information sheet

For sales to professional users of chemical products and substances with hygienic standards that are harmful to health or the environment, information in 16 point format in a Product information sheet shall be submitted prior to the initial delivery in accordance with the Swedish National Chemicals Inspectorate's provision KIFS 1998:8. Information may be submitted electronically if approved by the receiver. Luna will inform its customers electronically via the Internet at toolstore.se and luna.se (For Norway: toolstore.no and luna.no).
