

# NEW PRODUCT RELEASE

July 2015

## Harley-Davidson Street 750 (2015) Part No. HD-4915

**K&N Filters releases a new OE Replacement High-Flow Air Filter for the Harley-Davidson Street 750.**

K&N's High-Flow Air Filter offers low air flow restriction, resulting in increased throttle-response, horsepower and torque. The deep pleated K&N cotton media provides a large filtration area offering long service intervals and excellent filtration. This filter is designed to fit directly into the OEM airbox without any fitting or cutting required using an injection moulded OE style mounting plate that offers a very secure fit.

### KEY FEATURES:

- Designed to increase horsepower and torque
- Provides high capacity and long service intervals
- Works with the stock air filter cover
- No fuel-management modifications necessary
- Washable, reusable, pre-oiled & ready for installation
- K&N's famous Million-Mile Limited Warranty®
