

# **Sanctuary Blessing Ceremony**

## **August 30th, 2025 • Northern California**

**With deepest reverence and an open heart, I welcome you to join in sacred circle as we bless this new sanctuary—a home woven from prayer, earth, and vision.**

**This will be a ceremonial space to honor the land, call in the ancestral guardians, and offer our gratitude to the spirits of this place. Together, we will invoke peace, harmony, and protection; we will sing, pray, and listen to the whispers of the sacred.**

**This is not just a house—it is a living altar. A hearth where healing, truth, and love will unfold.**

**You are invited to bring your presence, your voice, and any sacred item you wish to place on the altar—be it a stone, feather, flower, or a whisper from your soul.**

**Let us bless this home not just with incense and song, but with intention. Let us plant seeds of beauty that will blossom in every room, every moment, every breath within these walls.**
