

BULK BATTERY CHANGE

- *Reliable power for every device* -

Our bulk battery replacement service is designed for businesses and repair partners who need **fast, high-quality results at scale.**

EVR Solutions ensures every device you send us is returned with a battery performing at **full capacity** efficiently, safely, and sustainably.

WHAT WE OFFER

Compatibility: We replace batteries for **any phone model.** *(Contact us for a personalized quote.)*

Premium Batteries: Every replacement uses top-grade, high-performance batteries to ensure optimal power and long-lasting durability.

Efficiency: Our process takes around 20 minutes per phone, so you can count on quick turnaround times even for large batches.

Diagnostics & Testing: Each device undergoes a full pre- and post-replacement diagnostic check to guarantee functionality and battery health.

Recycling Commitment: Old batteries are responsibly disposed of through fireproof-certified recycling partners, minimizing environmental impact.

Warranty: 30 days.

Pricing: *Contact us for more information about the prices of this service.*
