N. S. Gorman - Author

Hello Subscribers,

I recently placed four newly released prequels in BookFunnel Group Promos.

A BookFunnel Group Promo is a special event where several authors team up to share their books with new readers. Each author invites their subscribers, so you get access to a bigger selection of stories—and discover exciting new authors—while supporting the ones you already love. It's like a virtual book fair, delivered directly to your email inbox.

If you would like to see current BookFunnel Group Promos, you'll find them at the bottom of this page.

Joining me for this month's newsletter is R. M. Demeester. She is from Saskatchewan, a province in Western Canada. She loves being a mom, reading books, and writing. She's been writing since she was very

young. Today, she's known for her stories in women's fiction, romantic suspense, and thrillers. She also has a rescue dog named Gainer, a chocolate lab.

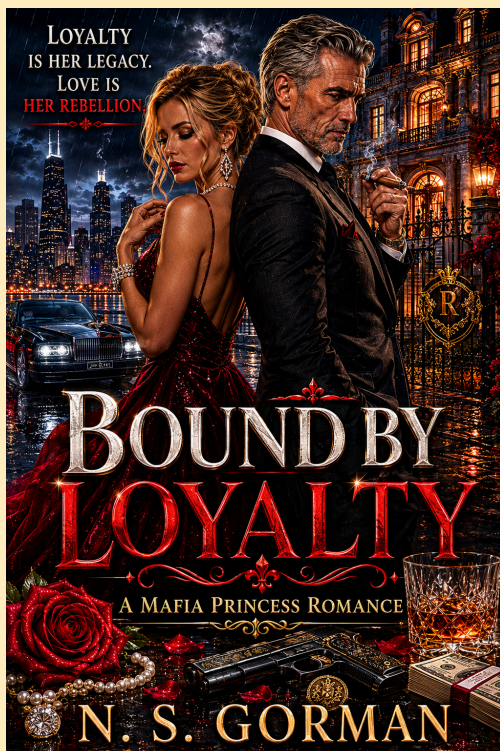

Best regards,

Scott

In Chicago's underworld,
loyalty is inherited, enforced,

Jody Oliver believed perfection
was power. Her mother had

and paid for in blood.

She was raised as mafia royalty - protected, watched, and promised to a future chosen by men who call control a family duty. Every elegant room, every guarded doorway, every whispered alliance reminds her that a mafia princess does not belong to herself.

Then he steps closer.

Older. Powerful. Dangerous. The kind of man who understands that love can be a weakness, a weapon, or a vow. He should be forbidden to her. He should be the last man she trusts. But in a world where rival families circle and betrayal waits behind every polished smile, he becomes the one person who sees the woman beneath the title.

As passion collides with family duty, she must choose between the loyalty that shaped her and the desire that could destroy everything.

Bound by Loyalty begins a dark, steamy Mafia Princess Romance trilogy.

possessed it, and one day, Jody would too.

But how long can control survive the truth?

In the upper-class South of the 1960s, Jody marries Robert Oliver and claims the life she was raised to want. His parents disapprove, but Jody is determined to become the kind of wife, mother, and woman society expects.

For decades, she rules her family with charm, judgment, and control. But when her son Joseph grows into a man with his own desires, choosing a blue-collar life and a woman Jody despises, the illusion begins to crack.

As love twists into obsession and pride hardens into cruelty, Jody retreats into a world where every betrayal is someone else's fault, and perfection is the deadliest lie of all.

This is a bonus origin story from The Girl Once Known trilogy.
