Leadership Coaching

Why Leadership Coaching?

That's one for you to answer! Coaching is a partnership approach to support you to get clear about your goals and how you'll achieve them. You might have a problem to solve, a promotion you want, or maybe you're just looking for new angle, so you can perform even better. Whatever your motivations, if you want to grow your leadership in a way that is tailored to you, coaching could be a good option.

What's involved

- One-hour sessions, hosted on Microsoft Teams.
- Minimum session frequency of monthly and maximum of fortnightly.
- A series of at least 6 sessions is recommended to maximise value but there is no minimum session requirement.
- Access to a Teams chat to share resources and reflections between sessions.

What we'll explore

- Mindset - the attitude, beliefs and values that you bring to leadership.
- Skills - the things/behaviours you do and don't do to get the best out of others.
- Approaches - the structure and strategy you apply to achieve your purpose.

Who It's For

Human services leaders who are ready to grow their mindset, skills and approach and become even better leaders.

Investment

$250 per session. 10% discount for privately funded sessions. (Note: Tax deductions may apply for privately funded sessions.)
