

# Consumer Council System of Maine

A Voice for Consumers of Mental Health Services

[www.maineccsm.org](http://www.maineccsm.org)

The Consumer Council System of Maine represents fellow consumers with an

effective, independent consumer voice

in shaping public policy and mental health services.

We hold as essential the participation of all consumers and look to collaborate with allies to find realistic solutions to local and statewide issues and to advance recovery-oriented, consumer-driven mental health care and peer-run recovery opportunities.
