Plus Software Upgrade

Along with the new map and points of interest, the map update includes refinement of the system including routing, functionality, and overall ease-of-use.

Highlighted Features Added

The below features were added during different periods. If your current map version is the same or newer, these features would already be in your system.

SPECIAL NOTE: If current map version in vehicle reads NA.11.41.52 (Version 12) or higher, the new SD card will be a **map update only**. No software upgrade will occur (inserting new SD card results in plug & play). To check the map, press SETUP and System Update.
