**THE ORIENT RESTAURANT IS MULTIFACETED AS WESTERN PEOPLE'S DREAMS OF
SOUNDS OF SOULS AND MYSTERIES THAT PROMOTE FANTASY**

The Orient restaurant is located in the center of Maribor along the old bridge and offers a wonderful view of the most beautiful part of the city - Lent, with the oldest vine in the world. The building is well restored and the first glance of it shows the honorable age. When the guest enters inside the restaurant, he is overcome by warm homeliness which gives him trust. We want to offer you a pleasure of "the real" Balkan cuisine.

We are cherishing the tradition of grilled charcoal, which already had a good reputation during the former Yugoslavia. We have chosen the best for you and prepared the variety of business lunches, private parties and various food events offering you diversity of the grill as well as from our kitchen, which has been expanded with new attractive dishes. Balkan cuisine is not only chevacici, pies, baked beans and sarms, as well as a lot of other tasty food, which you have a chance to try by yourself. We have also prepared special menus for special events offered to companies to celebrate the end of the year. You can book these events on Friday and on Saturday evenings and we will include the live Balkan music.

Welcome!
